

# ABRASIVE WOOL - BROWNELLS ABRASIVE WOOL, FINE

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Metal Wool](#)

## Longer-Lasting, Rust-Free Alternative To Steel Wool

Synthetic, non-metallic alternative to steel wool is long lasting and won't rust or shed fibers. Use on wood, plastic, or metal to produce a desired finish, or to clean away rust, carbon, dirt, or crud deposits. Lasts longer than steel wool—when the fibers get clogged with debris, just wash the pad with cold water, air dry, and it's ready to reuse on other projects. Safe for use with cleaning and stripping solvents. Coarse is for fast rust removal and smoothing rough wood; Fine is for metal and wood surface finishing.

## Attributes

- Name: [BROWNELLS ABRASIVE WOOL, FINE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032000009
- Mfr. No.: 7600237

# Safety Instruction Guide for Brownells Abrasive Wool, Fine

## Introduction

Thank you for choosing Brownells Abrasive Wool, Fine. This synthetic, nonmetallic alternative to steel wool is designed for use on wood, plastic, and metal surfaces. This guide provides essential safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is used in a wellventilated area to avoid inhalation of dust particles.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental misuse.
- Always inspect the abrasive wool for damage before use; do not use if the product is torn or excessively worn.
- Store the abrasive wool in a cool, dry place away from direct sunlight and moisture.
- Follow all local regulations regarding the disposal of synthetic materials.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when using the abrasive wool to protect your skin and eyes from irritation.
- Avoid using the abrasive wool on surfaces that may react negatively to synthetic materials or where a nonabrasive cleaner is recommended.
- Do not use the abrasive wool near open flames or high heat sources, as it is not flameresistant.
- If using cleaning or stripping solvents, ensure compatibility with the abrasive wool and follow the manufacturer's instructions for safe usage.
- Wash hands thoroughly after handling the abrasive wool to remove any dust or debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials including the abrasive wool, cleaning solvents (if applicable), and any tools required for your project.
- Ensure the workspace is clean and free of obstacles.

### 2. Using the Abrasive Wool:

- For cleaning rust, carbon, dirt, or crud deposits:
  - Wet the abrasive wool with cold water if desired for easier cleaning.
  - Gently rub the abrasive wool on the affected surface until the desired cleanliness is achieved.
- For surface finishing:
  - Use the fine grade of abrasive wool for a smoother finish on metal and wood surfaces.
  - Apply light pressure and move in the direction of the grain for best results.

### 3. After Use:

- Rinse the abrasive wool under cold water to remove any debris.
- Air dry the abrasive wool completely before storing it for reuse.
- Check the condition of the abrasive wool after each use; if it is clogged or damaged, consider

replacing it.

## **Disposal Instructions**

- Dispose of any worn or damaged abrasive wool in accordance with local waste management regulations.
- Do not incinerate the product as it may release harmful fumes.
- If the abrasive wool is contaminated with hazardous substances, follow proper disposal guidelines for hazardous waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the use of Brownells Abrasive Wool, Fine, please refer to the contact information provided with your product or visit the manufacturer's website for support.

Thank you for your attention to these safety guidelines. Proper use and handling of Brownells Abrasive Wool will ensure a safe and effective experience.
