## Build a Custom Compact Pistol With Integral Mount for an Aimpoint Sight

The Brownells Acro Cut Slide for Glock® 19 Gen3 offers the ease and convenience of our popular RMR Slides to folks who prefer to mount an Aimpoint Acro P-1 red dot sight on their Glocks. This slide comes with a slot machined directly into the top for mounting the Acro P-1 - just screw on the red dot (screws included) and hit the range. No additional mounts or hardware to buy! Each Acro Cut Slide for Glock® 19 is precision machined from a 17-4 stainless steel billet and heat-treated to Rc 41-44 for excellent resistance to surface wear. Inside, the slide is machined to factory specs, so it will accept readily available factory or aftermarket parts for Gen3 Glock® pistols.

Outside, there's a Glock® factory rear sight dovetail and front sight tenon cut ready for any factory or aftermarket "iron" sights" (actually, plastic or steel) that can be co-witnessed with the Acro P-1. A tough, non-reflective Black Nitride finish boosts the slide's resistance to surface wear and further protects it from corrosion. Fits Gen3 Glock® 19 pistols & clones Pre-cut Aimpoint Acro P-1 mounting slot (screws included) Factory front/rear sight cuts, too Distinctive "window" cutout on top Machined from hardened (Rc 41-44) 17-4 stainless steel billet Factory-style rear cocking serrations come standard on the Acro Cut Slide for Glock® 19, plus additional front serrations for enhanced manipulation. A window cutout on top between the front serrations vents heat to keep the barrel cool during extended fire, AND if you have an aftermarket barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.), the window helps you show it off a bit! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

# Safety Instruction Guide for ACRO CUT SLIDE FOR GLOCK® 19 GEN 3

## Introduction

Thank you for choosing the Brownells Acro Cut Slide for Glock® 19 Gen 3. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully to understand the safety precautions and proper usage of this slide.

## General Safety Guidelines

- Ensure safe handling of the slide during installation and use.
- Always treat firearms and their components as if they are loaded.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the slide for any signs of damage or wear before use.
- Use only compatible parts and accessories designed for Glock® 19 Gen 3 pistols.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Installation Safety:

- Ensure the firearm is unloaded before beginning any installation.
- Use appropriate tools and follow the installation instructions precisely.
- Wear safety glasses to protect your eyes from metal shavings or debris during installation.

### • Usage Safety:

- Always use the slide in a safe environment, such as a designated shooting range.
- Ensure the red dot sight is securely mounted and properly aligned before firing.
- Be aware of your surroundings and ensure a clear line of sight when shooting.
- Do not attempt to modify the slide or firearm in any way that could compromise safety.

### • Maintenance Safety:

- Regularly clean and maintain the slide according to manufacturer recommendations.
- Inspect the mounting area for any signs of wear or damage after extended use.
- Replace any worn or damaged parts immediately to ensure safe operation.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Ensure the firearm is completely unloaded.
- Remove the existing slide from the Glock® 19 Gen 3.
- Align the Acro Cut Slide with the frame of the firearm.
- Securely attach the slide using the provided screws.
- Install the Aimpoint Acro P1 red dot sight according to the sight's installation instructions.

### 2. Usage Steps:

- After installation, check the alignment and security of the slide and sight.

- Load the firearm with the appropriate 9 mm Luger cartridges.
- Conduct a function check to ensure the firearm operates correctly before live firing.
- Begin shooting, observing all safety protocols and guidelines.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the slide or any firearm components in regular household waste.
- Contact local waste management authorities for proper disposal methods of firearms and related materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the Brownells Acro Cut Slide for Glock® 19 Gen 3, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of those around you is of utmost importance. Enjoy your shooting experience responsibly.
