

# DELTA POINT CUT SLIDE FOR GLOCK® 17 GEN 3 - BROWNELLS DPP SLIDE +WINDOW FOR GEN 3 GLOCK® 17 STAINLESS NITRIDE

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Our Leupold Delta Point Pro Cut Slide for Glock® 17 Gen3 pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. (OK, we'll admit it: the serrations just look cool, too.) It also comes with a pre-cut slot for easy, secure mounting of a Leupold Delta Point Pro or compatible footprint red dot sight. All DPP Slides also have standard Glock® factory front and rear sight dovetails for "iron" backup sights. To get proper co-witnessing with the DPP, you will need to also install suppressor-height iron sights. You can also get your Brownells DPP Slide for Glock® 17 Gen3 with a "window" cutout on top that enhances airflow to keep the barrel cool - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! Each DPP Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and Gen3 internal parts. Slides are heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. Fits Gen3 Glock® 17 pistols & clones Machined from corrosion-resistant 17-4 stainless steel billet Leupold Delta Point Pro footprint Plus factory front/rear sight cuts Available with distinctive top Window cutout or traditional Solid top A Brownells DPP Slide is the ideal upgrade for your factory Glock® 17 Gen3 pistol. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

# Safety Instruction Guide for DELTA POINT CUT SLIDE FOR GLOCK® 17 GEN 3

## Introduction

Thank you for choosing the DELTA POINT CUT SLIDE FOR GLOCK® 17 GEN 3. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document thoroughly before installation and use.

## General Safety Guidelines

- Ensure that you are familiar with your Glock® 17 Gen 3 pistol and its operation before installing the slide.
- Always handle firearms with care and ensure they are unloaded when performing any modifications or maintenance.
- Keep the product and any tools out of reach of children and unauthorized users.
- In case of any uncertainty regarding installation or use, consult a qualified gunsmith or firearms professional.
- Regularly check for any signs of wear or damage to the slide and other components.

## Specific Safety Precautions for Use

- Only use the DELTA POINT CUT SLIDE with Glock® 17 Gen 3 models and compatible clones.
- Ensure that the slide is securely mounted before using the firearm.
- Use only factory or compatible aftermarket barrels and internal parts to maintain safety and functionality.
- When using the slide with a red dot sight, ensure proper cowitnessing with suppressorheight iron sights for optimal performance.
- Avoid using the firearm in conditions that may cause excessive heat buildup in the slide, as this may affect performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and the magazine is removed.
- Gather the necessary tools, including the recommended channel liner installation tool (#777100017).

### 2. Installation:

- Remove the existing slide from the Glock® 17 Gen 3 by following the manufacturer's instructions.
- Install the channel liner into the new DELTA POINT CUT SLIDE. This requires a press fit and the installation tool.
- Align the slide with the frame and ensure it is seated properly.
- Securely attach any red dot sight to the precut slot on the slide.

### 3. PostInstallation Checks:

- After installation, check the fit and function of the slide by cycling it a few times without ammunition.
- Ensure that the slide operates smoothly and that there are no obstructions.

### 4. Usage:

- When using the firearm, always follow standard safety practices, including keeping the muzzle pointed in a safe direction and keeping your finger off the trigger until ready to shoot.
- Regularly inspect the slide and sights for any signs of wear or damage during use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the slide is damaged beyond repair, consult local regulations for the proper disposal of firearm components.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the DELTA POINT CUT SLIDE FOR GLOCK® 17 GEN 3, please refer to the appropriate customer service resources available through the retailer or manufacturer.

## **Conclusion**

Following these safety instructions will help ensure a safe and enjoyable experience with your DELTA POINT CUT SLIDE FOR GLOCK® 17 GEN 3. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these guidelines.
