

# RMRC SLIDE, PARTS & BARREL KIT FOR GLOCK® 43 W/ADJ 3.25 MOA DOT - BROWNELLS G43 SLIDE KIT WITH THREADED BARREL & RMRC RED DOT

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Based on our "Front Cut" slide we designed originally for the Glock G43, this RMRcc Cut Slide includes serrations at the front and rear of the slide for easy manipulation, which is a big help when you're fighting against the stiff recoil spring inside this compact 9mm. Just behind the ejection port, though, you'll see a cutout that's tailor-made to accept the Trijicon RMRcc red-dot sight. When you're not using a red-dot sight, the slide includes a cover plate with a dovetail designed to accept all standard Glock rear sights, and a slot at the front of the slide is compatible with Glock's front-sight tenon. Each Brownells RMRcc Cut Slide is machined from 17-4 stainless steel billet and treated with a matte-black Nitride finish. Internally, the dimensions are identical to Glock's OEM slides, so you can put factory Glock parts into the slide in order to build your complete gun. Note: this RMRcc Cut Slide includes the slide only.

Consumers are responsible for either retaining the factory barrel and slide internals or finding new components to finish the slide. This slide does not require the use of a firing-pin channel liner. Kit also includes a parts kit that contains all the parts you need to complete the innards of an aftermarket slide or refurbish a factory slide to like-new standards. All the parts in our Glock 43/43x/48 Slide Parts Kit are aftermarket parts made to the correct dimensions for proper fit, finish, and function in a factory spec slide. The extractor and firing pin are made from cast 17-4 SS. The extractor depressor plunger and firing pin safety are machined from bar stock. Kit Includes:

Extractor  
Extractor Depressor  
Plunger  
Extractor Depressor Plunger Spring  
Spring -Loaded  
Bearing  
Slide Cover Plate  
Firing Pin  
Spacer  
Sleeve  
Firing Pin Spring  
Spring Cups  
Firing Pin Safety  
Firing Pin Safety Spring  
Guide Rod and Recoil Spring Assembly  
Also included is our Glock® 43 match-grade barrel machined from hardened 416R stainless steel to precise dimensions for a tight lockup and long service life. Installation should be a straight drop-in deal on most guns. The extra-hard Black Nitride finish resists surface wear and stops in its tracks whatever corrosion might try to challenge the stainless steel. Ahead of the 9mm Luger (9x19mm) chamber is a button-rifled bore with standard, 1-10" right-hand, 6-groove rifling compatible with "practice" ammo with non-jacketed bullets. Fits Glock® 43 ONLY 416R stainless steel Black Nitride finish Button-rifled, 1-10" twist Threaded model has 1/2"-28 tpi threads Our Match-Grade Barrel for the Glock® 43 is available with your choice of a Plain muzzle or Threaded (1/2"-28 tpi) to enable installation of a compensator or sound suppressor. Both are laser engraved with the chambering and the Glock model they fit. The RMRCC Adjustable Red Dot is born from the industry-leading Trijicon RMR®, the new RMRcc has the same reliability you expect, designed for concealed carry. The slimmer design fits a variety of pistols providing comfort during everyday carry. Carry confidently with a sight that increases your speed, improves your accuracy, and keeps your focus on the target. 4 year battery life 8 brightness settings with 2 night vision modes Waterproof to 20 meters

# Safety Instruction Guide for RMRCC Slide, Parts & Barrel Kit for Glock® 43

## Introduction

Thank you for choosing the RMRCC Slide, Parts & Barrel Kit for Glock® 43. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used according to the manufacturer's instructions to prevent accidents or injuries.
- Always check local laws and regulations regarding the ownership and modification of firearms.
- Keep all components out of reach of children and unauthorized users.
- Inspect all parts for damage or wear before installation.
- Do not attempt to modify or alter any parts of the kit beyond the manufacturer's specifications.
- Store all components in a secure location to prevent unauthorized access.

## Specific Safety Precautions for Use

- Always treat every firearm as if it is loaded, even if you believe it is not.
- Always wear appropriate eye and ear protection when using firearms.
- Ensure the firearm is pointed in a safe direction at all times during installation and use.
- Be aware of your surroundings and ensure you have a safe backstop when discharging the firearm.
- Avoid using the firearm under the influence of drugs or alcohol.
- Regularly clean and maintain the firearm to ensure safe operation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have a clean and welllit workspace.
- Gather all necessary tools and components from the kit.

### 2. Installation:

- Remove the factory slide and barrel from your Glock® 43.
- Install the RMRCC Cut Slide onto the frame, ensuring it is seated properly.
- Insert the matchgrade barrel into the slide, ensuring a tight lockup.
- Follow the instructions included with the parts kit to install the extractor, firing pin, and other internal components.
- Ensure that all parts are installed according to the provided specifications.

### 3. Usage:

- After installation, perform a function check to ensure the firearm operates correctly.
- If using the RMRcc red dot sight, mount it according to the manufacturer's instructions.
- Test the firearm in a safe environment to ensure proper functionality before regular use.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of firearm parts in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of firearm components.

## **Contact Information for Further Support**

For questions or concerns regarding the RMRCC Slide, Parts & Barrel Kit for Glock® 43, please refer to the manufacturer's contact information provided with the product.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure the safe use of the RMRCC Slide, Parts & Barrel Kit for Glock® 43. Always prioritize safety and compliance with local laws when handling firearms. Thank you for your attention to these important safety measures.
