Shouldered Beads Screw To The Right Height Every Time; Popular Sizes In Brass & Stainless Steel

Brownells Shotgun Sight Kit "C" is a must have for any gunsmith or sporting goods store looking to save valuable time and really please their customers. We have taken everything that's great about our Shotgun Sight Kits "A" and "B" - like their unparalleled selection of high-quality and size-popular sight beads - and added a special feature to make the beads in Kit "C" fast, easy, and convenient to install . . . every time. Every sight bead in Shotgun Sight Kit "C" has the advantage of skirted shoulders. What this means to you, the professional gunsmith or the sporting goods store owner, is you'll never have to get out your mike or calipers again to ensure you've installed the sight to its proper height. No more guesswork either! Because when the skirted shoulder reaches the barrel, it provides a positive stop that lets you know the sight is at its optimum height. Every sight from Shotgun Sight Kit "C" installs with fool-proof ease - saving you both valuable shop time and, even more important, the nightmare of upsetting a valuable customer. Not only will customers be pleased with the installation you do, they'll also love the huge selection of sizes and styles from which to choose. We selected the most popular sizes from our Shotgun Sight Kits "A" and "B", because we know that's what your customers will come in and ask you for. Plus, we know how important it is to offer different styles to please as many shooters as possible. That's why Kit "C" offers each size bead in both Gold and White. It provides the perfect selection; Gold brass for a classy, traditional look many shotgun owners are partial to and White stainless steel for a sight bead so strong it even stands up to hot bluing. Thread sizes include 3-56 and 6-48 with bead diameters of .067", .130", and .175" to give your customers the choice of small, medium and large beads. Also, for easy storage and quick identification, we've followed the same, convenient layout of Kits "A" and "B" to make it as simple as possible to find the sight you need. Kit "C's" plastic counter case is divided into eight compartments to keep the beads organized and right at your fingertips. Plus, if you put this great-looking kit on your counter for your customers to see, it's a great way to create more business by reminding people to replace broken or damaged sight beads. Brownells Shotgun Sight Kit "C" is everything you've been looking for; a huge selection, superb quality, and now the convenience of skirted shoulders. Order this time-saving, customer-pleasing kit today and enjoy the speed, precision, and ease with which each of these sights installs. Refill Sights for Kit "C" - Refills for the Shotgun Sight Kit "C" are single or 10-pak of sights of one number.

Safety Instruction Guide for SHOTGUN SIGHT BEAD KIT "C"

Introduction

Thank you for choosing the Brownells Shotgun Sight Bead Kit "C". This kit is designed to enhance your shotgun's performance while ensuring safety during installation and use. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Always inspect the sight beads before use for any signs of damage or defects.
- Ensure that the workspace is clean and free from distractions while installing the sight beads.
- Keep the kit out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses when handling tools and materials.
- Follow all local laws and regulations regarding firearms and their accessories.

Specific Safety Precautions for Use

- Handle all sight beads with care to avoid dropping or damaging them.
- Ensure the shotgun is unloaded before starting any installation or maintenance work.
- Use the correct tools as specified in the installation instructions to avoid injury or damage.
- Avoid using excessive force when installing the sight beads to prevent breakage or injury.
- If you experience any discomfort or adverse effects while using this product, stop immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the Shotgun Sight Bead Kit "C", appropriate tools for installation, and safety glasses.
- Ensure the shotgun is unloaded and pointed in a safe direction.

2. Selecting the Right Bead

- Choose the appropriate bead size and style (Gold or White) based on your preference and shotgun specifications.
- Refer to the included size chart to determine the correct bead for your shotgun.

3. Installation Steps

- Use a suitable tool to remove the old sight bead if applicable.
- Clean the area where the new sight bead will be installed to ensure proper adhesion.
- Align the skirted shoulder of the bead with the barrel and press it into place until the shoulder makes contact with the barrel.
- Ensure that the bead is installed at the optimum height as indicated by the skirted shoulder.
- Verify that the bead is secure and does not move when gently tugged.

4. PostInstallation Check

- Once installed, check the bead's alignment and stability.
- Test the shotgun to ensure that the sight bead is functioning correctly and does not obstruct the

view.

Disposal Instructions

- Dispose of any damaged or unused sight beads in accordance with local waste disposal regulations.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the Brownells Shotgun Sight Bead Kit "C", please consult the product packaging for contact details of the manufacturer or authorized distributor.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Brownells Shotgun Sight Bead Kit "C". Thank you for your attention to safety, and enjoy your improved shooting experience!
