Safety Instruction Guide for Brownells Revolver Barrel/Frame Dies

Introduction

Thank you for choosing the Brownells Revolver Barrel/Frame Dies. These precision tools are designed for gunsmiths and hobbyists to accurately thread revolver barrels and frames. This guide provides essential safety instructions to ensure the safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the operation of the dies before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the working area clean and welllit to prevent accidents.
- Store the dies in a safe place, out of reach of children.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The dies can cause injury if mishandled or used improperly.
- Sharp edges may cause cuts; handle with care.

- **Avoiding Hazards:**

- Do not use the dies for purposes other than intended.
- Ensure that the dies are securely mounted before use.
- Do not apply excessive force while threading as it may damage the tool or the revolver.

- **Age and AudienceSpecific Warnings:**

- This product is intended for use by adults and should not be used by children.

Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate die for the specific revolver model (Smith & Wesson® K Frame).
2. Secure the die in a compatible threading tool or lathe.
3. Ensure that all connections are tight and stable before proceeding.

- **Usage:**

1. Before starting the threading process, ensure the revolver is unloaded and clear of any ammunition.
2. Align the revolver barrel/frame with the die carefully.
3. Start the threading process at a low speed to ensure accuracy.
4. Gradually increase the speed as needed, maintaining control at all times.
5. Periodically check the threading to ensure it is consistent and correct.
6. Once completed, clean the dies and the revolver components to remove any debris.

Disposal Instructions

- Dispose of any damaged or worn dies according to local regulations.
- Do not dispose of the dies in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the product, please refer to the manufacturer's website or customer service for additional support.

By following these safety instructions, you will ensure the safe and effective use of the Brownells Revolver Barrel/Frame Dies. Thank you for your attention to safety, and happy gunsmithing!
