

PREMIUM GRINDING POINT KIT - BROWNELLS #6 (B-52) GRINDING STONE REFILL 6 PACK

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Grinding Bits](#)

The Most Popular/Useful Shapes & Sizes

Brownells "Premium Plus" stones are the very finest we can offer. Industrial grade cobalt is added to uniformly sized aluminum oxide crystals and bonded with special, cool-running adhesives to form the hardest, longest-wearing, fastest-cutting, grinding points available to the trade. Gives a smooth, ready-to-finish surface on all types of ferrous and non-ferrous metals. Stones resist filling and gouging; can be re-ground or re-shaped, lasting much longer than "hobby" grade points. Hardened steel shafts are nickel plated for long life and stay concentric even with repeated use. We picked our 10 most popular grinding points and put 3 of each into a convenient, easy-to-store Kit and included a very special price for buying all 30 points at one time. Plus, the economical Refill 6-Paks make it easy to keep your Kit well stocked.

Safety Instruction Guide for PREMIUM GRINDING POINT KIT BROWNELLS #6 (B52) GRINDING STONE REFILL 6 PACK

Introduction

Thank you for choosing the PREMIUM GRINDING POINT KIT from Brownells. This guide provides essential safety instructions to ensure the safe use of the product. Please read this guide carefully before using the grinding points to avoid accidents and ensure optimal performance.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and a dust mask when using grinding points.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that all tools and equipment are in good working condition before use.
- Store the grinding points in a safe place, out of reach of children and pets.
- Do not use the grinding points for any purpose other than their intended use.

Specific Safety Precautions for Use

- Inspect each grinding point before use to check for any damage or wear. Do not use damaged points.
- Use grinding points only on compatible materials. Avoid using them on materials that may produce hazardous dust or fumes.
- Do not exceed the recommended operating speed for the grinding points. Refer to the product specifications for details.
- Avoid applying excessive pressure while using the grinding points. Let the tool do the work to prevent overheating and damage.
- Ensure that the grinding point is securely attached to the tool before use.

Instructions for Installation and Usage

1. Installation:

- Ensure the tool is turned off and unplugged before installation.
- Remove any existing grinding point from the tool.
- Insert the new grinding point into the tool's chuck or holder securely.
- Tighten the chuck or holder according to the manufacturer's instructions to ensure a safe fit.

2. Usage:

- Plug in the tool and turn it on, ensuring that you are in a stable position.
- Hold the tool firmly with both hands for better control.
- Start grinding at a low speed to familiarize yourself with the tool's operation.
- Gradually increase the speed as needed, ensuring that you maintain control.
- Periodically check the grinding point for wear and replace it as necessary.

Disposal Instructions

- Dispose of used grinding points in accordance with local regulations.
- Do not dispose of grinding points in regular household waste. Instead, take them to a designated waste disposal facility.

- Ensure that all sharp edges are safely contained to prevent injury during disposal.

Contact Information for Further Support

For inquiries regarding product safety or to report unsafe products, please refer to the appropriate local authorities or safety organizations.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the PREMIUM GRINDING POINT KIT. Always prioritize safety and report any concerns or incidents to the relevant authorities. Thank you for your attention to these guidelines, and enjoy your work with Brownells products.
