

S&W M&P EXTENDED MAG PAD - TAYLOR FREELANCE S&W M&P +10 Mag Pad

Increases Capacity Up To 10 More Rounds

Extended base pads of machined aluminum or Delrin® clamp securely to the magazine with an aluminum retainer plate, eliminating unexpected “speed-unloads” when a plastic snap-on extender fails. Designed to keep magazine overall length within the 140mm and 170mm USPSA and IPSC limits. S&W M&P +5 adds 5 rounds of .40 caliber, 6 rounds of 9mm. 140mm OAL for USPSA Limited competition. Uses factory spring. S&W M&P +10 adds 8 rounds of .40 caliber, 10 rounds of 9mm. 170mm OAL for USPSA Open Division. Includes extended magazine spring.

S&W M&P Extended Mag Pad Safety Instructions

Introduction

Thank you for choosing the S&W M&P Extended Mag Pad by Taylor Freelance. This product is designed to enhance your magazine capacity while ensuring safety and reliability during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the magazine.
- Keep the product out of reach of children and unauthorized users.
- Inspect the mag pad for any signs of damage before use. Do not use if damaged.
- Use only factory standard magazines and springs with the mag pad to ensure compatibility and safety.
- Be aware of the local laws regarding magazine capacity and modifications.

Specific Safety Precautions for Use

- Ensure that the magazine is properly seated in the firearm before use.
- Do not exceed the recommended magazine capacity as specified for your firearm.
- Be cautious when removing the magazine from the firearm. Ensure that the firearm is pointed in a safe direction.
- Avoid using the mag pad in conditions that may compromise its integrity, such as extreme temperatures or exposure to harsh chemicals.
- Regularly check the stability of the mag pad and retainer plate to prevent accidental dislodging during operation.

Instructions for Installation and Usage

1. Installation:

- Ensure the magazine is unloaded.
- Slide the mag pad onto the base of the magazine until it fits snugly.
- Secure the mag pad with the aluminum clamp and retainer plate provided.
- Doublecheck that the mag pad is securely attached before use.

2. Usage:

- Load the magazine according to the specified capacity:
 - S&W M&P +5: 5 rounds of .40 caliber, 6 rounds of 9mm.
 - S&W M&P +10: 8 rounds of .40 caliber, 10 rounds of 9mm.
- Always verify that the magazine is functioning correctly by conducting a test before using it in a livefire situation.

3. Maintenance:

- Clean the mag pad and magazine regularly to prevent dirt buildup.
- Inspect the magazine spring for wear and replace it if necessary.

Disposal Instructions

- Dispose of any damaged or wornout mag pads in accordance with local regulations for metal and plastic waste.
- Do not dispose of the product in regular household waste if it can be recycled.

Contact Information for Further Support

For any inquiries or concerns regarding the S&W M&P Extended Mag Pad, please refer to the manufacturer's contact information provided with the product packaging or visit the official website.

By following these safety instructions, you can ensure a safe and effective experience with your S&W M&P Extended Mag Pad. Thank you for your attention to safety.
