

M16 5.56 NICKEL BORON BOLT CARRIER GROUP - SPIKES TACTICAL .223/5.56 BOLT/CARRIER, NICKEL-BORON

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Groups](#)

Matched bolt/carrier set is machined to mil-spec dimensions using the latest manufacturing and quality-control techniques to deliver superb reliability in both semi-auto and select-fire rifles. Carrier is hard-chromed inside and has an M16-type full-length shroud on the underside to trip the auto sear on full-auto/burst rifles. Bolt is magnetic particle inspected to ensure there are no internal flaws to compromise structural integrity and cause premature failure. Fully staked carrier key and tool steel extractor further aid reliable cycling. Laser-engraved Spike's Tactical logo on the side of the carrier is visible when the ejection port door is open. .223/5.56 fits standard AR-15/M16/M4 rifles and is available with a FailZero EXO™ nickel-boron coating that's smoother and slicker than hard-chrome for reduced friction and superb wear-resistance in high-intensity applications.

Attributes

- Name: [SPIKES TACTICAL .223/5.56 BOLT/CARRIER, NICKEL-BORON](#)
- Manufacturer: [SPIKES TACTICAL](#)
- Product no.: 100008575

M16 5.56 Nickel Boron Bolt Carrier Group Safety Instructions

Introduction

Thank you for choosing the M16 5.56 Nickel Boron Bolt Carrier Group from Spike's Tactical. This product is designed to provide reliable performance in both semiauto and selectfire rifles. To ensure your safety and the safety of those around you, please read this safety instruction guide carefully.

This guide is compliant with the EU General Product Safety Regulation (GPSR) and includes essential information on safe use, precautions, installation, and disposal of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow all local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when using firearms.
- Ensure the firearm is unloaded before installing the bolt carrier group.
- Follow the manufacturer's instructions for installation and usage.
- Do not modify the product in any way, as this may compromise safety and performance.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not use damaged or worn components, as they can lead to malfunctions or accidents.

Instructions for Installation and Usage

1. **Preparation:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Installation:**
 - Remove the existing bolt carrier group from the firearm.
 - Insert the M16 5.56 Nickel Boron Bolt Carrier Group into the upper receiver.
 - Ensure it is properly seated and aligned.
 - Reinstall any retaining pins or components as per the manufacturer's specifications.
3. **Usage:**
 - Load the firearm according to the manufacturer's instructions.
 - Always conduct a function check before firing to ensure proper operation.
 - Maintain a safe shooting posture and be aware of your target and what is beyond it.
4. **PostUsage:**
 - After use, clean and inspect the bolt carrier group to ensure it is free from debris and damage.
 - Store the firearm and bolt carrier group in a secure location, away from unauthorized users.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the M16 5.56 Nickel Boron Bolt Carrier Group, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your M16 5.56 Nickel Boron Bolt Carrier Group. Thank you for your attention to safety.
