

AR-15 5.56 NICKEL BORON BOLT CARRIER GROUPS - WMD GUNS

AR-15 NIB-X® BOLT & CARRIER GROUP

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Groups](#)

Self-Lubricating Finish For Outstanding Durability & Resistance To Fouling

Each WMD bolt-and-carrier set is precisely machined from high-grade steel alloy to government M16 specs, then given WMD's proprietary NiB-X® nickel boron coating that results in a super-smooth, harder-than-chrome surface. NiB-X® reduces friction to the bare minimum and is impervious to corrosion and abrasion. The slick finish also keeps carbon from adhering, so clean up is much faster and easier than with standard parts. Ideal choice for 3-gun competitor and other high-volume shooters.

Safety Instruction Guide for AR15 5.56 Nickel Boron Bolt Carrier Groups

Introduction

Thank you for choosing the AR15 5.56 Nickel Boron Bolt Carrier Groups from WMD Guns. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this manual thoroughly before use to understand all safety precautions and procedures.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Store your firearm in a secure place, out of reach of children and unauthorized users.
- Wear appropriate protective gear, such as safety glasses and hearing protection, when using your firearm.
- Ensure you are familiar with your firearm's operation and handling before use.
- Regularly inspect your firearm and its components for wear and damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the bolt carrier group is compatible with your AR15/M16 upper receiver before installation.
- Do not modify the bolt carrier group or any of its components.
- Use only recommended ammunition types specified for your firearm.
- Always check the chamber to ensure it is clear before cleaning or performing maintenance.
- Keep your fingers off the trigger until you are ready to fire.
- Do not point your firearm at anything you do not intend to shoot.
- Be aware of your surroundings and ensure a clear shooting area.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and the chamber is clear.
- Remove the existing bolt carrier group from the upper receiver.
- Insert the new WMD bolt carrier group into the upper receiver, ensuring it is properly aligned.
- Ensure that the bolt locks into place securely.
- Reassemble any other components as necessary.

2. Usage:

- Always perform a function check after installation to ensure proper operation.
- Load your firearm in a safe environment, away from others.
- Fire only in designated shooting areas.
- After use, ensure the firearm is unloaded and store it safely.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not discard firearm parts in regular trash.
- Contact local authorities or waste management facilities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of your AR15 5.56 Nickel Boron Bolt Carrier Groups, please refer to the manufacturer's contact information provided with your product packaging.

Important Note

This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). It aims to provide clear and concise safety information to help you use your product safely and responsibly. Always stay informed about safety recalls and updates through the EU Safety Gate platform.

Thank you for prioritizing safety and responsible firearm use.
