

308 AR STRIPPED BILLET UPPER & LOWER RECEIVER SET - CROSS MACHINE TOOL CO. AR-308 BILLET RECEIVER SET

[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Lower Receivers](#)

Perfect Foundation For A Custom Rifle Build

Machined from 7075 T6 aluminum, this combination lower and upper receiver is ideal for starting an AR-style .308 rifle build. Receiver set uses standard DPMS type .308 lower parts, bolt carrier group, charging handle, and dust cover. Upper receiver is compatible with DPMS high profile style .308 handguards. Bolt catch assembly uses a hex head screw instead of a roll pin for easier installation. Upper tension screw is built into the lower so tightening the upper to lower is quick and easy. Ultra flared magwell on lower is wire EDM cut to accept P-Mags. Receiver set includes take down pin detent spring retention screw and a Mil-Spec hardcoat anodized finish. Does not come with forward assist.

Introduction

Thank you for choosing the 308 AR Stripped Billet Upper & Lower Receiver Set from CROSS MACHINE TOOL CO. This product is designed for building an ARstyle .308 rifle. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Always handle firearms and firearm components with care.
- Ensure that you are of legal age and have the necessary permits to purchase and assemble firearms in your jurisdiction.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation and handling.
- Keep the work area clean and free of distractions while assembling your firearm.
- Store all components in a secure location, away from children and unauthorized individuals.
- Regularly check for product recalls and safety notices through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not use this receiver set with any nonDPMS pattern parts, as this may compromise safety and functionality.
- Ensure that all components are compatible before assembly.
- Avoid using excessive force during installation to prevent damaging parts.
- Do not attempt to modify or alter the receiver set in any way that may affect its safety or performance.
- If you experience any issues during installation or operation, consult a qualified gunsmith or firearms expert.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools including screwdrivers, wrenches, and any required DPMS parts.
- Ensure that you are working in a welllit area with a clean surface.

2. Assembly:

- Begin by installing the lower receiver:
 - Insert the trigger and hammer pins into the corresponding holes in the lower receiver.
 - Secure the bolt catch assembly using the hex head screw provided.
 - Install the take down pin detent spring retention screw.
- Next, attach the upper receiver:
 - Align the upper receiver with the lower receiver.
 - Use the upper tension screw to tighten the upper to lower securely.
 - Ensure that the assembly is flush and properly seated.

3. Compatibility Check:

- Confirm that the installed parts are compatible with the receiver set.
- Ensure that the charging handle, bolt carrier group, and dust cover are correctly installed.

4. Final Inspection:

- Conduct a thorough check of the assembled firearm to ensure all parts are secure.
- Check for any visible signs of damage or misalignment.

5. Usage:

- Always follow safe firearm handling practices when operating your rifle.
- Ensure that the rifle is pointed in a safe direction at all times.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.
