

# KODIAK SHOULDER HOLSTERS - GALCO INTERNATIONAL KODIAK RUGER® SUPER BLACKHAWK® 7 1/2" -HAVANA-LEFT HAND

[Home](#)

Designed to keep a large hunting handgun both comfortable and accessible, Galco's new Kodiak™ Shoulder Holster carries a magnum revolver diagonally across the torso. Using the same principles as modern backpacks, a padded shoulder strap is used in conjunction with a torso strap that allows for instant adjustments throughout a day spent afield. As the torso strap is tightened, weight is shifted off the shoulder strap, allowing for a full day of comfortable field carry. Actual placement and angle of the Kodiak holster on the front torso can be easily changed throughout the day to accommodate most field activities, including driving ATVs and trucks, without interfering with the normal range of motion. No screws or tools are needed to make adjustments to accommodate heavy winter clothes, wear under the coat, or simply over a shirt in warm weather. Does not include ammo bandolier.
