## The Ideal Way to Cool Your Hot G19

Your Glock G19 can get hot during an extended range session. Why not cool it off and grab some extra benefits with the Agency Arms Non-Threaded Mid Line Barrel? The Agency Arms Non-Threaded Mid Line Barrel is made using 416R stainless steel, so you can be sure that it will stand up to rust and wear better than your OEM barrel. Features pulled-broach rifling 1:10 twist rate perfect for 9mm Measures 4.02 inches long Titanium Nitride finish The Agency Arms Non-Threaded Mid Line Barrel uses eight machined flutes around the outside of the barrel to promote rapid cooling.

# Safety Instruction Guide for Agency Arms NonThreaded Mid Line Barrel for Glock G19

## Introduction

Thank you for choosing the Agency Arms NonThreaded Mid Line Barrel for your Glock G19. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide carefully to ensure the safe use of your new barrel.

## General Safety Guidelines

- Ensure that all firearms are handled responsibly and stored securely.
- Always treat every firearm as if it is loaded.
- Familiarize yourself with the Glock G19 and its operation before installing the barrel.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Always wear appropriate personal protective equipment (PPE) such as eye and ear protection when using firearms.
- Regularly inspect your firearm and barrel for any signs of damage or wear.

## Specific Safety Precautions for Use

- Only use the Agency Arms NonThreaded Mid Line Barrel with 9 mm Luger cartridges.
- Ensure that the barrel is properly installed before using the firearm.
- Do not exceed the manufacturer's specifications for ammunition.
- Avoid using the firearm in extreme conditions that may affect performance (e.g., excessive heat or cold).
- Be cautious of the barrel's temperature during extended firing sessions; allow it to cool down if it becomes too hot to touch.
- Keep the barrel and firearm clean and free of obstructions before and after use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and the magazine is removed.
- Use appropriate tools to remove the OEM barrel from the Glock G19.
- Carefully insert the Agency Arms NonThreaded Mid Line Barrel into the slide.
- Ensure that the barrel is seated properly and that all components are secure.
- Reassemble the firearm according to the manufacturer's instructions.

### 2. Usage:

- Load the firearm with 9 mm Luger cartridges only.
- Aim the firearm in a safe direction and ensure the area is clear of obstructions and bystanders.
- Engage the safety features of the firearm before loading.
- Fire the firearm in controlled bursts to avoid overheating the barrel.
- After use, allow the barrel to cool before cleaning or handling further.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding metal and firearm components.
- Do not dispose of the barrel in regular household waste.
- Contact local waste management services for guidance on proper disposal methods.

## **Conclusion**

Your safety and the safety of others is paramount when using firearms and firearm accessories. By following these guidelines and using the Agency Arms NonThreaded Mid Line Barrel responsibly, you can enjoy enhanced performance while ensuring a safe shooting experience. Thank you for your attention to safety.
