Safety Instruction Guide for THREADED BARRELS FOR GLOCK®

Introduction

Thank you for choosing Silencerco's Threaded Barrel for Glock 19. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this guide thoroughly before installation and usage.

General Safety Guidelines

- Always treat your firearm with respect and handle it safely.
- Ensure that the threaded barrel is compatible with your specific Glock model.
- Store the threaded barrel in a secure location, away from children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Be aware of the potential risks associated with using threaded barrels, including but not limited to improper installation, misalignment, or the use of incompatible suppressors.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the threaded barrel.
- Always use the appropriate tools for installation to avoid damaging the barrel or the firearm.
- Do not exceed the recommended torque specifications when installing the barrel.
- Use only compatible suppressors designed for the 1/2x28 thread pattern.
- Avoid using the barrel in adverse conditions (e.g., extreme heat or cold).
- Never point the firearm at anything you do not intend to shoot.

Instructions for Installation and Usage

1. Preparation

- Ensure that your Glock 19 is unloaded and pointed in a safe direction.
- Gather necessary tools: a torque wrench and the appropriate thread protector.

2. Installation

- Remove the existing barrel from your Glock 19 by following the manufacturer's instructions.
- Align the threaded barrel with the slide and gently insert it until it is fully seated.
- Using the torque wrench, tighten the barrel according to the manufacturer's torque specifications.
- Attach the thread protector to the end of the barrel to prevent damage when not using a suppressor.

3. Usage

- After installation, conduct a function check to ensure proper operation.
- When using a suppressor, ensure it is properly threaded and securely attached to the barrel.
- Regularly clean and maintain the barrel to ensure optimal performance.

Disposal Instructions

- Dispose of the threaded barrel in accordance with local regulations.
- If the barrel is damaged or no longer in use, consider recycling options for metal components.

- Ensure that the barrel is rendered inoperable before disposal to prevent misuse.

Contact Information for Further Support

For any safety inquiries or concerns regarding your threaded barrel, please refer to the manufacturer's contact details provided with your product or visit the official website for more information.

By following these guidelines, you can ensure the safe and effective use of your Silencerco Threaded Barrel for Glock 19. Thank you for your attention to safety and responsible firearm ownership.
