

MEDIUM RECHARGEABLE DEHUMIDIFIER 110 VOLT - SNAP SAFE MEDIUM RECHARGEABLE DEHUMIDIFIER 110 VOLT

[Gunsmith Tools](#) > [Shop Accessories & Supplies](#) > [Gun Storage Materials](#) > [Air Dryers & Dehumidifiers](#)

Snap safe's rechargeable gun safe dehumidifier absorbs humidity and prevents rust or mildew in gun safes, closets, pantries and other enclosed areas. Moisture-control crystals change from orange to green, indicating when the unit needs recharging. Dry out and recharge the crystals by plugging into 110v electrical outlet until crystals turn orange again. Effective in spaces up to 333 cubic feet.

MEDIUM RECHARGEABLE DEHUMIDIFIER 110 VOLT

Safety Instruction Guide

Introduction

Thank you for choosing the Snap Safe Medium Rechargeable Dehumidifier. This product is designed to absorb humidity and prevent rust or mildew in gun safes, closets, pantries, and other enclosed areas. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the dehumidifier is used only for its intended purpose as described in the product text.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the dehumidifier out of reach of children and vulnerable individuals.
- Regularly check the condition of the dehumidifier and its components for any signs of damage.
- Do not use the dehumidifier if it shows signs of damage or malfunction.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Only plug the dehumidifier into a 110v electrical outlet.
 - Avoid using extension cords or adapters that may cause overheating.
- **Moisture Control:**
 - Monitor the color of the moisturecontrol crystals. They change from orange to green to indicate when recharging is necessary.
 - Do not attempt to recharge the crystals until they have turned green.
- **Placement:**
 - Position the dehumidifier in a wellventilated area, away from direct sunlight and heat sources.
 - Ensure the unit is placed on a stable surface to prevent tipping over.
- **Cleaning:**
 - Disconnect the unit from the power supply before cleaning.
 - Use a damp cloth to clean the exterior; do not immerse in water or use abrasive cleaners.

Instructions for Installation and Usage

1. Installation:

- Choose a suitable location for the dehumidifier, preferably in an enclosed space where humidity is a concern.
- Ensure the area is free from obstructions to allow for proper airflow.

2. Usage:

- Plug the dehumidifier into a 110v electrical outlet.
- Observe the moisturecontrol crystals. When they turn from orange to green, it indicates that the crystals need recharging.
- To recharge, unplug the unit and allow the crystals to dry out.
- Once the crystals are dry and have turned orange again, the unit is ready for use.

3. Regular Maintenance:

- Check the crystals regularly for color change.

- Clean the exterior of the unit as needed.

Disposal Instructions

- When disposing of the dehumidifier, follow local regulations for electronic waste disposal.
- Remove the batteries if applicable and dispose of them according to local guidelines.
- Ensure that the product is completely nonfunctional before disposal to prevent any accidental use.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Snap Safe Medium Rechargeable Dehumidifier, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you will ensure safe and effective use of your Snap Safe Medium Rechargeable Dehumidifier. Thank you for your attention to safety.
