

PREMIUM HANDGUN DIE SETS - REDDING 45 ACP PREMIUM HANDGUN DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

The Redding Premium Handgun 3-Die Set mate a Titanium Carbide-sizing die, a newly designed expander die containing the unique Redding expander plug now coated in TiN, Titanium Nitride for added surface hardness, lubricity and durability. The TiN coating will also reduce brass build up on the expander as well, an important improvement for high volume reloaders. The Redding Expander contains a unique series of processes it provides as it travels into the case itself. First a radius on its base eases entry into the case mouth. Next a parallel expander section expands and true's the case internally to create a perfect bearing surface for the bullet as it is seated. This also adds a more uniform bullet pull and start pressure as well. Next is a small step, to properly align the bullet with the centerline of the cartridge case. This positions the bullet for proper contact with the seating micrometer, adding uniformity during actual seating process. Lastly, a flare is the final step on the Redding expander plug to further open the case mouth when using cast bullets so that they do not shave lead during the seating process. The final die in the set is a Seating Die, which has the added accessory Bullet Seating Micrometer for unmatched seating depth control and precision. This die also contains either a taper or roll crimp for the appropriate cartridge. All three dies in the set also feature an enhanced lead-in for ease of use with progressive reloading presses.

Attributes

- Name: [REDDING 45 ACP PREMIUM HANDGUN DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 100028775
- Mfr. No.: 66189

Safety Instruction Guide for Redding Premium Handgun Die Sets

Introduction

Thank you for choosing the Redding Premium Handgun Die Set for your reloading needs. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product. Please read this document carefully before using the die set.

General Safety Guidelines

- Ensure that you have a clear understanding of how to use the die set before beginning any reloading process.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the die set out of reach of children and vulnerable individuals.
- Store the die set in a dry, safe location when not in use to prevent damage and accidents.
- Regularly inspect the die set for any signs of wear or damage before each use.
- Follow all local, state, and federal laws regarding the reloading of ammunition.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of the die set can result in personal injury or damage to equipment.
 - Always ensure that the die set is compatible with the specific cartridge you are reloading.
- **Avoiding Hazards:**
 - Do not use the die set for any purpose other than reloading ammunition.
 - Ensure that the work area is clean and free of obstructions to prevent accidents.
 - Do not overload the die set beyond its specified limits.
- **AgeRelated Warnings:**
 - This product is intended for use by individuals who are at least 18 years old and knowledgeable about reloading practices.

Instructions for Installation and Usage

1. Installation:

- Carefully read the product manual included with the die set.
- Ensure all components are present and in good condition before installation.
- Mount the sizing die securely in your reloading press according to the manufacturer's instructions.
- Follow the same procedure for the expander die and the seating die.

2. Usage:

- Begin by resizing the brass cases using the sizing die.
- Next, use the expander die to prepare the case for bullet seating. Ensure the expander plug is properly aligned with the case mouth.
- Finally, use the seating die to insert the bullet into the case. Adjust the bullet seating micrometer for precise control over seating depth.
- After seating, apply the appropriate crimp using the taper or roll crimp feature of the seating die.

Disposal Instructions

- Dispose of any damaged or worn components of the die set responsibly.
- Follow local regulations for the disposal of metal and plastic materials.
- Never dispose of reloaded ammunition or components in regular household waste. Instead, follow local guidelines for hazardous materials.

Contact Information for Further Support

For any safety inquiries or support regarding the Redding Premium Handgun Die Set, please refer to the contact information provided in the product packaging or visit the manufacturer's official website.

Thank you for your attention to these safety instructions. Safe reloading practices will ensure a rewarding and enjoyable experience with your Redding Premium Handgun Die Set.
