

ARCALOCK MPA CHASSIS ATTACHMENT - AREA 419 ARCALOCK 14" ARCA SWISS RAIL FOR MPA CHASSIS

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

Area 419 is always looking for ways to improve existing products when we are not developing new technologies. With the rapid growth in popularity of ARCA rails in precision rifle, we saw a need to improve this great dovetail technology to something that could be mechanically locked in place instead of just friction. If you have ever tried using a Barricade stop on an existing ARCA rail, you've probably also seen it slide under much pressure. Rail Features: Serrated rail sides interface with our proprietary clamp design to mechanically lock it in place so no movement is possible. Rail is 14" long giving you the entire length of the stock forend for attachments. 65 Engraved positions Fits the MPA BA and BA Comp chassis at a minimum, may also fit the Hybrid **Will not fit Lite** Spigot supports front of rail, but rail will work even if you do not have the MPA spigot, you may just see a small amount of flex with bipod fully forward Access to recoil lug wedge is not obstructed Made to the RRS 1.5" Dovetail Standard, so you can be sure lever clamps will work No sharp edges. Every corner is radiused, and every edge is chamfered on the machine. Type 3 Hard Coat anodized for additional durability. Made from 6061-T6 Aluminum Rail comes with all necessary hardware

ARCALOCK MPA CHASSIS ATTACHMENT AREA 419

User Safety Instructions

Introduction

Thank you for choosing the ARCALOCK MPA Chassis Attachment from Area 419. This product is designed to enhance the functionality of your precision rifle setup. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use in accordance with EU safety regulations. Ensure that you understand how to use it correctly to avoid accidents.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided to ensure your safety.
- **Online Shopping:** If purchased online, ensure that the retailer complies with EU safety requirements. Always verify the authenticity of the seller.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of vulnerable groups to prevent accidents.
- **EU Contact Point:** For any safety inquiries related to this product, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the rail is securely attached before use. A loose attachment can lead to accidents.
- **Weight Limit:** Do not exceed the recommended weight limit for attachments on the rail to prevent failure.
- **Inspect Regularly:** Frequently check the rail and attachments for signs of wear or damage. Replace any damaged components immediately.
- **Avoid Sharp Edges:** The rail is designed with radiused corners and chamfered edges, but always handle it carefully to avoid cuts.
- **Use Proper Tools:** When installing or adjusting the rail, use the appropriate tools to avoid damaging the product or causing injury.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools and ensure you have the installation hardware included with the product.
2. **Installation Steps:**
 - Align the ARCALOCK rail with the attachment points on your MPA chassis.
 - Use the provided hardware to secure the rail in place. Ensure all screws are tightened to the manufacturer's specifications.
 - Check that the rail is firmly attached and does not move.
3. **Usage:**
 - Attach your accessories to the rail as needed. Ensure that they are securely fastened.
 - When using accessories, be mindful of the overall weight and balance of your setup.
 - Regularly check the tightness of all attachments during use, especially after transportation or heavy use.

Disposal Instructions

- **Environmental Considerations:** Dispose of the product responsibly. Do not dispose of it in regular household waste.
- **Recycling:** Check local regulations for recycling options for aluminum and other materials used in this product.
- **Hazardous Waste:** If the product is damaged and cannot be reused, ensure it is disposed of in accordance with hazardous waste regulations.

Contact Information for Further Support

For any questions or concerns regarding the ARCALOCK MPA Chassis Attachment, please refer to the contact information provided by your retailer or manufacturer. They will assist you with any safety inquiries or technical support you may need.

Thank you for your attention to these safety instructions. Enjoy the enhanced functionality and performance of your ARCALOCK MPA Chassis Attachment from Area 419.
