## A Solid Carrying Case that Fits Most Kestrel Units

If you're out in the field with your Kestrel, it's important to keep it secured and protected until you need it for that perfect, first-round hit. To provide that protection, the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case is a must-have option for your range or field kit. Each TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case is constructed from 500-Denier cordura nylon combined with 200-Denier Kevlar, ensuring that it'll stand up to tearing and abrasion. This pack is designed specifically for use with Kestrel meters, coming equipped with a secured closure that wraps around the globe stalk found on the Kestrel Heat Stress Tracker. A number of colors are available for the unit, including black, coyote tan, multicam and olive drab.

# Safety Instruction Guide for the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case

## Introduction

Thank you for choosing the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case. This product is designed to provide secure and reliable protection for your Kestrel meters during use in various environments. This guide outlines important safety information, usage instructions, and disposal guidelines to ensure your safety and the longevity of the product.

## General Safety Guidelines

- Ensure that the carry case is used only for its intended purpose, which is to protect Kestrel meters.
- Inspect the carry case before each use for any signs of wear or damage.
- Avoid exposing the carry case to extreme temperatures or harsh chemicals that may compromise its integrity.
- Keep the carry case out of reach of children to prevent accidents or misuse.
- In case of any malfunction or damage, discontinue use and seek assistance.

## Specific Safety Precautions for Use

- Always secure the Kestrel meter properly within the carry case to prevent it from moving or becoming damaged during transport.
- Do not attempt to open the carry case while it is secured. Wait until you are in a safe location to access the contents.
- Be cautious of sharp objects or heavy items that may be stored alongside the carry case, as they may pose a risk of puncturing or damaging the case.
- If using the carry case in wet conditions, ensure that the interior is dried thoroughly after use to prevent moisture buildup.

## Instructions for Installation and Usage

### • Installation:

1. Open the carry case by unfastening the secured closure.
2. Place your Kestrel meter inside the case, ensuring it is seated properly and securely.
3. Wrap the closure around the globe stalk of the Kestrel Heat Stress Tracker to secure it in place.
4. Ensure that the closure is fastened tightly to prevent any movement during transport.

### • Usage:

- Always carry the case using the designated handle or strap to maintain control and prevent drops.
- When not in use, store the carry case in a cool, dry place to prevent deterioration of materials.
- Regularly check the carry case for any signs of wear and replace it if necessary to maintain protection for your Kestrel meter.

## Disposal Instructions

- Dispose of the carry case according to local regulations for textile and plastic waste.
- If the carry case is damaged beyond repair, ensure it is disposed of in a manner that prevents environmental harm.
- Do not burn the carry case, as this may release harmful substances into the environment.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or concerns about the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case, please refer to the manufacturer's website or your point of purchase for assistance.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities.
