

4000/5000 SERIES TACTICAL MOLLE CARRY CASE BERRY COMPLIANT - TYR TACTICAL 4000/5000 SERIES TACTICAL MOLLE CASE, OLIVE DRAB

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

A Solid Carrying Case that Fits Most Kestrel Units

If you're out in the field with your Kestrel, it's important to keep it secured and protected until you need it for that perfect, first-round hit. To provide that protection, the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case is a must-have option for your range or field kit. Each TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case is constructed from 500-Denier cordura nylon combined with 200-Denier Kevlar, ensuring that it'll stand up to tearing and abrasion. This pack is designed specifically for use with Kestrel meters, coming equipped with a secured closure that wraps around the globe stalk found on the Kestrel Heat Stress Tracker. A number of colors are available for the unit, including black, coyote tan, multicam and olive drab.

Safety Instruction Guide for the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case

Introduction

Thank you for choosing the TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case. This product is designed to provide secure storage and protection for your Kestrel meters while in the field. It is essential to follow the safety instructions outlined in this guide to ensure safe usage and longevity of the product.

General Safety Guidelines

- Ensure that the carry case is used only for its intended purpose, which is to store Kestrel meters.
- Regularly inspect the carry case for any signs of wear and tear, such as fraying or damage to the fabric.
- Avoid exposing the carry case to extreme temperatures, moisture, or direct sunlight for prolonged periods, as this may degrade the materials.
- Keep the carry case away from sharp objects that may puncture or tear the fabric.
- Store the carry case in a dry, cool place when not in use.

Specific Safety Precautions for Use

- When using the carry case, ensure that the closure is securely fastened to prevent the Kestrel meter from falling out.
- Do not overload the carry case beyond its intended capacity, as this may compromise its integrity and protective features.
- If the carry case sustains damage, discontinue use immediately and replace it to avoid potential hazards.
- Keep the carry case out of reach of children and pets to prevent accidents or misuse.

Instructions for Installation and Usage

1. Unpacking the Carry Case

- Remove the carry case from the packaging.
- Inspect the case for any visible damage or defects.

2. Securing the Kestrel Meter

- Open the carry case by unfastening the closure.
- Place the Kestrel meter inside the case, ensuring it fits snugly.
- Wrap the secured closure around the globe stalk of the Kestrel meter for added protection.

3. Closing the Carry Case

- Ensure that the Kestrel meter is properly positioned within the case.
- Firmly fasten the closure to secure the meter inside the carry case.

4. Carrying the Case

- Use the MOLLE attachment points to secure the carry case to your tactical gear as needed.
- When carrying the case, ensure it is securely attached and do not swing it forcefully.

5. Cleaning and Maintenance

- Clean the carry case with a damp cloth and mild soap if necessary.
- Allow the case to air dry completely before storing it away.

Disposal Instructions

- Dispose of the carry case responsibly in accordance with local regulations.
- If the carry case is damaged beyond repair, consider recycling the materials if possible.
- Do not dispose of the carry case in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries related to safety, usage, or product concerns, please reach out to the designated contact point for assistance. Ensure you have your product details ready for a more efficient response.

By following these safety instructions, you can ensure the safe and effective use of your TYR Tactical 4000/5000 Series Tactical MOLLE Carry Case. Thank you for your attention to safety.
