

AR-15 BOLT CARRIER GROUP - ODIN WORKS INC. AR-15 BOLT CARRIER GROUP BLACK NITRIDE

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Groups](#)

An AR-15 Bolt-Carrier Group That Doesn't Require Loads of Lubricant

One of the elements that mil-spec AR-15 bolts are known for is their tendency to need lots of lubricant in order to continue running properly. However, this added lube can also attract dirt and retain more fouling, which can be a vicious cycle for those looking to make their ARs run right. Enter the ODIN Works AR-15 Bolt Carrier Group. Each ODIN Works AR-15 Bolt Carrier Group is treated with a black-nitride finish across all metal surfaces, which provides a low-friction surface that doesn't require as much lube to run properly as phosphate-coated bolt-carrier groups. The bolt-carrier group is designed for use with traditional AR cartridges that share the 5.56 NATO case head. The ODIN Works AR-15 Bolt Carrier Group features a bolt machined from case-hardened 8620 steel, while the bolt itself is machined from case-hardened 9310 steel. The gas key is machined from 4130 steel and is attached using Grade 8 hardware and features proper staking to ensure position and reliability. Other features include a 4340-steel cam pin, a 8740-steel firing pin that's hard-chrome coated and a 4340-steel extractor

Safety Instruction Guide for ODIN Works AR15 Bolt Carrier Group

Introduction

Thank you for choosing the ODIN Works AR15 Bolt Carrier Group. This guide provides essential safety instructions and guidelines to ensure the proper use and maintenance of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe handling and operation of the AR15 Bolt Carrier Group.
- Follow all local laws and regulations regarding firearm accessories.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage.
- Be aware of potential hazards associated with the use of firearms.

Specific Safety Precautions for Use

- Always treat the firearm as if it is loaded, even if you believe it is not.
- Wear appropriate eye and ear protection when using the firearm.
- Ensure that the firearm is pointed in a safe direction at all times.
- Do not use the Bolt Carrier Group with ammunition that is not specified in the product description.
- Avoid using excessive lubrication, as it can attract dirt and lead to malfunctions.
- If you notice any unusual behavior or malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and the chamber is clear.
- Remove the existing bolt carrier group from the firearm.
- Carefully insert the ODIN Works AR15 Bolt Carrier Group into the receiver.
- Ensure that the bolt locks into place and that the gas key is properly aligned.
- Reassemble the firearm and perform a function check to ensure proper installation.

2. Usage:

- Before firing, ensure that the firearm is clean and properly lubricated according to the manufacturer's guidelines.
- Fire the firearm in a safe environment and follow all safety protocols.
- After use, clean the Bolt Carrier Group to remove any fouling or residue.
- Store the firearm and Bolt Carrier Group in a secure location when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm accessories.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components when possible.

Contact Information for Further Support

For any inquiries or concerns regarding the ODIN Works AR15 Bolt Carrier Group, please refer to the manufacturer's website or contact their customer support team. Ensure you have the product details ready for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your ODIN Works AR15 Bolt Carrier Group. Thank you for your attention to safety.
