## A Threaded Glock Barrel Held to Tight Tolerances

With so many suppressors, compensators and other muzzle devices available for today's handgun owners, having a threaded barrel that's compatible with your go-to pistol is a must. For Glock G19 owners, this ZEV Technologies Pro Match Threaded G19 barrel is one of the premium options on the market, thanks to the company's tightly controlled manufacturing process. Each ZEV Technologies Pro Match G19 Barrel is machined from 416R stainless steel designed for use in match-grade rifle barrels. The barrels are held to incredibly tight tolerances and are double-honed and held to a final dimension of  $\pm 0.0002$ " to ensure consistent, accurate performance at the range. Each barrel features cut rifling, and the groove dimensions are inspected during the manufacturing process. Other features found on this ZEV Technologies Pro Match G19 barrel includes a streamlined hood design, which features the ZEV markings and caliber indication, as well as a burnt-bronze or black DLC coating. The muzzle is threaded with a 1/2-28 TPI thread pitch, which is compatible with most muzzle devices on the market.

## Attributes

- Name: [ZEV TECHNOLOGIES PRO MATCH G19 BARREL, 9MM, THREADED, BRONZE](#)

# Safety Instruction Guide for ZEV Technologies Pro Match Threaded G19 Barrel

## Introduction

Thank you for choosing the ZEV Technologies Pro Match Threaded G19 Barrel. This product is designed to enhance your shooting experience with your Glock G19 pistol. To ensure safe and effective use of your new barrel, please read this safety instruction guide carefully. It contains important information regarding the safe use, installation, and disposal of your product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the barrel is compatible with your Glock G19 pistol before installation.
- Always handle firearms with care and follow all local laws and regulations regarding firearm safety.
- Keep the barrel and all firearm components out of reach of children and unauthorized users.
- Inspect the barrel for any signs of damage or wear before each use.
- Store the barrel in a dry and secure location when not in use.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to malfunction or injury.
  - Use of incompatible muzzle devices may cause damage or injury.
- **Avoiding Hazards:**
  - Follow the installation instructions carefully to ensure proper fit and function.
  - Use only muzzle devices that are compatible with the 1/228 TPI thread pitch of the barrel.
  - Do not modify the barrel or attempt to repair it yourself.
  - Always ensure the firearm is unloaded before installing or removing the barrel.
- **Age Specific Warnings:**
  - This product is intended for use by individuals 18 years of age or older. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from your Glock G19 by following the manufacturer's instructions.
- Align the ZEV Technologies Pro Match Threaded G19 Barrel with the slide and gently insert it until it is fully seated.
- Secure the barrel in place as per the Glock manufacturer's guidelines.
- Attach any compatible muzzle device to the threaded end of the barrel, ensuring it is properly tightened.

### 2. Usage:

- After installation, perform a function check to ensure the firearm operates correctly.
- Always follow safe shooting practices and local laws when using the firearm.
- Regularly clean and maintain the barrel to ensure optimal performance.

## **Disposal Instructions**

- When disposing of the barrel, follow local regulations regarding firearm components.
- If the barrel is damaged or no longer wanted, consider contacting a local firearms dealer for proper disposal methods.
- Do not dispose of the barrel in regular household waste.

## **Contact Information for Further Support**

For any inquiries related to safety or product information, please refer to the contact information provided by your retailer or the manufacturer.

By following these guidelines and instructions, you can ensure a safe and enjoyable experience with your ZEV Technologies Pro Match Threaded G19 Barrel. Thank you for your attention to safety.
