## A Prefit Barrel Designed to Enhance Your Tikka T3X

Want a new caliber or a fresh barrel in your Tikka T3X? Don't worry, you won't have to make a special trip to the gunsmith to redo your rifle. Thanks to the unique system found in the International Barrels Pre-Fit Barrel system, barrel-swap jobs that used to be performed only by gunsmiths can now be done right in your workshop safely and easily! Each International Barrels Pre-Fit Tikka T3X precision barrel is constructed with a barrel-nut system that can be threaded onto your action right at home. Once the barrel is threaded into place, simply check its positioning with a set of headspace gauges and then tighten the barrel nut down to its proper torque settings. Then you're done! The easy attachment system of these International Barrels Pre-Fit Barrels isn't all you're getting. These gun barrels are button-rifled and are made to precision tolerances, double-checked at every step along the way. The barrels are made using the company's Medium contour, which features a straight taper from the breech to the muzzle. Each barrel is threaded with 5/8-24 TPI muzzle threads. The company warns that some stocks may need to be inlet to allow clearance for the barrel nut.

## Attributes

- Name: [INTERNATIONAL BARRELS 6.5MM CREEDMOOR 1-8" TWIST 26" SPIRAL FLUTED BARREL](#)

# TIKKA T3X PREFIT PRECISION BARRELS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Tikka T3X Prefit Precision Barrel. This product is designed to enhance your shooting experience by allowing you to easily swap barrels in your Tikka T3X rifle. While this product is built with safety and precision in mind, it is essential to follow the safety guidelines and instructions provided in this manual to ensure safe usage.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your Tikka T3X rifle before attempting to install or use the Prefit Precision Barrel.
- Always treat firearms with respect and consider them to be loaded until verified otherwise.
- Store the barrel and all firearm components in a secure location, away from children and unauthorized users.
- Wear appropriate safety gear, including eye and ear protection, when using firearms.
- Inspect the barrel and rifle for any signs of damage or wear before each use.
- Follow local laws and regulations regarding the use and ownership of firearms and firearm components.

## Specific Safety Precautions for Use

- Do not attempt to install or change the barrel if you are not confident in your ability to do so safely. Seek professional assistance if needed.
- Ensure that the rifle is unloaded and the safety is engaged before beginning any work on the barrel.
- Be aware that some stocks may require modification to accommodate the barrel nut; ensure that any modifications are performed by a qualified gunsmith.
- Always check headspace with appropriate gauges after installing the barrel to ensure it is within safe limits.
- Do not exceed the recommended torque settings when tightening the barrel nut, as this could lead to unsafe conditions or damage to the barrel or action.
- Regularly check the barrel for cleanliness and proper maintenance to ensure optimal performance and safety.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have the necessary tools, including headspace gauges and a torque wrench.
- Clear a workspace and ensure it is free from distractions.

### 2. Installation

- Unload the Tikka T3X rifle and ensure it is safe to work on.
- Remove the existing barrel according to the manufacturer's instructions.
- Thread the International Barrels PreFit Barrel onto the action of the rifle.
- Position the barrel correctly and check headspace using the appropriate gauges.
- Once headspace is confirmed to be safe, tighten the barrel nut to the specified torque settings.
- Reassemble the rifle according to the manufacturer's guidelines.

### 3. Usage

- After installation, perform a function check of the rifle to ensure it operates correctly.
- Follow all standard operating procedures for safe firearm handling during use.

## Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the barrel or any component is damaged beyond repair, dispose of it in accordance with local hazardous waste regulations.
- Do not discard firearms or firearm components in regular trash.

## Contact Information for Further Support

For any questions or concerns regarding the Tikka T3X Prefit Precision Barrel, please refer to the manufacturer's official website or contact their customer service for assistance. Ensure you have your product details ready when seeking support.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Tikka T3X Prefit Precision Barrel. Thank you for prioritizing safety and compliance with these guidelines.
