### A Prefit Barrel Designed to Enhance Your Tikka T3X

Want a new caliber or a fresh barrel in your Tikka T3X? Don't worry, you won't have to make a special trip to the gunsmith to redo your rifle. Thanks to the unique system found in the International Barrels Pre-Fit Barrel system, barrel-swap jobs that used to be performed only by gunsmiths can now be done right in your workshop safely and easily! Each International Barrels Pre-Fit Tikka T3X precision barrel is constructed with a barrel-nut system that can be threaded onto your action right at home. Once the barrel is threaded into place, simply check its positioning with a set of headspace gauges and then tighten the barrel nut down to its proper torque settings. Then you're done! The easy attachment system of these International Barrels Pre-Fit Barrels isn't all you're getting. These gun barrels are button-rifled and are made to precision tolerances, double-checked at every step along the way. The barrels are made using the company's Medium contour, which features a straight taper from the breech to the muzzle. Each barrel is threaded with 5/8-24 TPI muzzle threads. The company warns that some stocks may need to be inlet to allow clearance for the barrel nut.

### Attributes

# Safety Instruction Guide for TIKKA T3X PREFIT PRECISION BARRELS

## Introduction

Thank you for choosing the TIKKA T3X Prefit Precision Barrels. This guide provides important safety instructions and guidelines to ensure the safe use, installation, and maintenance of your new barrel. Please read this guide carefully before use to ensure a safe and enjoyable experience.

## General Safety Guidelines

- Ensure that all firearms are handled with care and stored safely to prevent unauthorized access, especially by children.
- Always treat every firearm as if it is loaded.
- Use appropriate eye and ear protection when using firearms.
- Familiarize yourself with local laws and regulations regarding firearm usage and modifications.
- Inspect the barrel for any signs of damage or defects before installation and use.
- Follow all manufacturer's instructions for installation, usage, and maintenance.

## Specific Safety Precautions for Use

- Only use the TIKKA T3X Prefit Precision Barrel with compatible Tikka models (T3, T3x, CTR, TAC A1).
- Ensure that the barrel is properly installed and secured before using the firearm.
- Check the headspace and ensure it meets specifications after installation.
- Use only the specified caliber (308 Winchester) and ensure the firearm is clean and free of obstructions before firing.
- Be aware that some stocks may require inletting to allow clearance for the barrel nut.
- Do not exceed the recommended torque settings when tightening the barrel nut.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools including headspace gauges and torque wrench.
- Ensure you have a clean and organized workspace.

### 2. Installation Steps:

- Remove the existing barrel from your Tikka T3X action.
- Thread the new TIKKA T3X Prefit Precision Barrel onto the action using the barrelnut system.
- Use a set of headspace gauges to check the positioning of the barrel. Adjust as necessary.
- Once correctly positioned, tighten the barrel nut to the manufacturer's specified torque settings.

### 3. PostInstallation:

- After installation, conduct a visual inspection to ensure that all components are secure and properly aligned.
- Clean the barrel and action before the first use to remove any manufacturing residues.

### 4. Usage:

- Load the firearm only when ready to shoot and ensure the muzzle is pointed in a safe direction.
- Fire the firearm in a controlled environment and be aware of your surroundings.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly, following local waste disposal regulations.
- If the barrel is no longer usable, consult local guidelines for the safe disposal of firearm components.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact information provided by your retailer or manufacturer. Ensure that you have the product details available for assistance.

This guide is designed to ensure your safety and compliance with relevant regulations. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
