[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

## An Incredibly Versatile Optic for Your Do-It-All Rifle

Having a true 1X optic on your dedicated defensive or field-ready rifle gives you a great advantage at closer ranges, as well as opens up a wide field of view that provides great clarity about what's happening downrange. The US Optics TS-6X offers that low-power magnification in its 1-6x24mm configuration, giving you an expansive range that will handle any rapid targeting in short-to-medium ranges. The US Optics TS-6X is built on a solid 30mm main body tube, which ensures added ruggedness, as well as greater adjustment range for both elevation and windage. The optic features an illuminated reticle, powered by a single CR2032 battery. Available reticles include options in the first and second focal plane and the company's JNG MIL configurations. Length: 10.5 inches Tube size: 30mm Weight: 17.9 ounces Adjustment value: 1/4 MOA Each reticle choice in the US Optics TS-6X features a brightly illuminated center dot that offers quick target acquisition at short ranges, as well as a clearly seen aiming point for low-light use.

# TS6X 16X24MM Illuminated Rifle Scope Safety Instruction Guide

## Introduction

Thank you for choosing the TS6X 16X24MM Illuminated Rifle Scope from US Optics. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective operation of your rifle scope. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure safe use of the rifle scope by following all instructions provided in this guide.
- Always handle firearms and accessories with care and respect.
- Be aware of your surroundings and ensure a safe shooting environment.
- Store the rifle scope in a secure location when not in use to prevent unauthorized access, especially by children.
- Keep the rifle scope clean and free from obstructions to maintain optimal performance.
- Regularly check for any signs of damage or wear and replace parts as necessary.
- If you notice any malfunction or irregularity in the scope, stop using it immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Always use the rifle scope in accordance with the manufacturer's instructions.
- Ensure that the firearm is unloaded when attaching or detaching the scope.
- Use appropriate eye protection when using the rifle scope.
- Do not look directly into the sun or any bright light source through the scope.
- Be cautious when adjusting the magnification and reticle illumination settings to avoid distractions.
- Ensure that the scope is securely mounted to the rifle before use.
- Do not exceed the recommended specifications for your firearm and scope combination.

## Instructions for Installation and Usage

### Installation

1. **Select a Suitable Mounting Base:** Choose a mounting base compatible with the TS6X scope and your firearm.
2. **Attach the Scope:**
  - Align the scope with the mounting base.
  - Securely fasten the scope using the provided mounting rings and screws.
  - Ensure that the scope is level and properly aligned with the barrel.
3. **Check for Stability:**
  - Gently shake the rifle to ensure that the scope is firmly attached.
  - Recheck the tightness of the mounting rings and screws.

### Usage

1. **Adjusting Magnification:**
  - Rotate the magnification ring to select your desired level of zoom, from 1x to 6x.
2. **Illumination Settings:**
  - Press the illumination button to activate the illuminated reticle.
  - Adjust the brightness level according to your shooting environment.
3. **Zeroing the Scope:**
  - Follow the manufacturer's instructions to zero the scope for accurate shooting.

- Make adjustments to the elevation and windage turrets as necessary.

#### 4. Eye Relief:

- Position your eye at a safe distance (approximately 4 inches) from the ocular lens to prevent injury from recoil.

#### 5. Target Acquisition:

- Use the illuminated center dot for quick target acquisition, especially in lowlight conditions.

## Disposal Instructions

- Dispose of the rifle scope in accordance with local regulations for electronic waste.
- Remove the battery (CR2032) before disposal and recycle it according to local battery recycling guidelines.
- Do not dispose of the scope in household waste.

## Contact Information for Further Support

For any inquiries or concerns regarding the TS6X rifle scope, please contact the manufacturer or your point of purchase. Ensure you have your product information and any relevant details available for assistance.

Thank you for following these safety instructions. Your safety and the safety of others is of utmost importance. Enjoy your shooting experience with the TS6X 16X24MM Illuminated Rifle Scope responsibly.
