

AR-15 LOWER RECEIVER SEMI COMPLETE - AR-15 LOWER RECEIVER SEMI-COMPLETE ANGRY PATRIOT BLACK

Brownells has worked with Sons of Liberty Gun Works to offer these AR-15 'Semi-Complete' Lower Receivers. What do we mean by 'Semi-Complete'? Well we know that our customers want a rugged, dependable lower receiver for their build and with this lower receiver being built in house by the SOLGW gunsmiths you get just that. But we also know that there are two items more likely to be swapped out from personal preference on a lower receiver than any other, and those are the stock and trigger. With the SOLGW Semi-Complete Lower Receiver we've left those two items out of the build, meaning you're not paying for the stock and trigger you don't want and can get exactly the stock and trigger you do. The Sons of Liberty Gun Works AR-15 lower receivers are built from mil-spec 7075-T6 forgings from the lead forge in the U.S. The contour is fully machined leaving no flash marks from the forging. SOLGW takes extra care when machining our lower receivers resulting in tolerances that are tighter and fits that are better than other lower receivers. They use mil-spec Matte black hard-coat anodized Mil 8625 Type 3 Class 2 finish. Complete with Carbine Buffer Tuber Assembly, Take Down Pins, B5 P23 Grip, Bolt and Magazine Releases Installed. Lower receivers are available with either the Rebellious Stripes or Angry Patriot roll marks.
