## An Enhanced Adapter Plate for Your Optics Mounting System

V4 DEFENDER OPTIC MOUNTING PLATE FOR GLOCK MOS The weakest link in your red-dot-equipped handgun is the mounting plate between the optic and your pistol slide. If this critical component isn't designed correctly, then your entire system won't work as designed. The C&H Precision V4 Defender series optic mounting plates are designed to address the critical flaws encountered in most plates, and it will ensure that your gun performs as designed. Each C&H Precision V4 Defender Optic Mounting Plate designed for use on Glock® pistols improves two key elements of optics mounting: hardware and optic protection. The plates feature the company's patent-pending T-Nuts and Torx screws, which are made from stainless steel and are replaceable without having to toss the entire plate. The V4 Defender Optics Mounting Plate is available for the Glock® 17, 19, 34, 35, 40 and 41. Also included on these C&H V4 Defender Optics Mounting Plates is the company's unique Defender Window. This incorporates a proprietary polymer that's resistant to impact and provides an extra protective window at the front of your red-dot sight. Not only does this window protect your optic from the elements, it also provides a barrier that prevents you from smudging your lens while manipulating a handgun slide. Optic fits include: Holosun 407, Holosun 507, Holosun 508. TO ENSURE THE LONGEVITY OF THIS PRODUCT, IT'S IMPORTANT TO USE IT WITH CARE AND IN A RESPONSIBLE MANNER. The Defender was not made for the G40; however, many customers have purchased the Defender and made a small modification that allowed it to work extremely well with the G40. Defender plates partially wrap the top of the slide and do not fit large frame Glock pistols, I.E. G21 and all pistols of similar width.

## Attributes

- Name: [C&H PRECISION WEAPONS RMR TYPE 1 & 2 MOUNTING PLATE NO SEALING PLATE FOR GLOCK MOS](#)

# V4 Defender Optic Mounting Plate Safety Instruction Guide

## Introduction

Thank you for choosing the V4 Defender Optic Mounting Plate for Glock MOS. This product is designed to enhance the performance of your red-dot equipped handgun. To ensure safe and effective use, please carefully read and follow the safety instructions provided in this guide.

## General Safety Guidelines

- Ensure that the V4 Defender Optic Mounting Plate is compatible with your specific Glock model before installation.
- Always inspect the mounting plate and optic for any signs of damage before use.
- Use the product only as intended and in accordance with the manufacturer's guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Safety:**
  - Ensure the handgun is unloaded before installation.
  - Use appropriate tools as specified in the installation instructions.
- **Optic Protection:**
  - Regularly check the Defender Window for cracks or damage.
  - Clean the window with a nonabrasive cloth to avoid scratches.
- **Handling:**
  - Always handle your handgun with care, following basic firearm safety rules.
  - Avoid touching the lens of the optic to prevent smudging.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your handgun is unloaded and in a safe environment.
- Gather the necessary tools: Torx screws (included) and a screwdriver.

### 2. Installation Steps:

- Align the V4 Defender Optic Mounting Plate with the Glock slide.
- Insert the TNuts into the designated slots on the mounting plate.
- Secure the mounting plate using the provided Torx screws. Tighten them firmly but do not overtighten to avoid damage.
- Attach your optic (compatible models include Holosun 407, 507, and 508) to the mounting plate according to the optic's installation instructions.

### 3. Usage:

- After installation, ensure that the optic is securely mounted.
- Test the setup by aiming and adjusting the optic as necessary.
- Regularly check the mounting plate and optic for any signs of wear or loosening.

## **Disposal Instructions**

- Dispose of the V4 Defender Optic Mounting Plate in accordance with local regulations.
- Do not dispose of in regular household waste; check for recycling options for polymer and metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the V4 Defender Optic Mounting Plate, please refer to the manufacturer's website or contact their customer support team.

By following these safety instructions, you can ensure the effective and safe use of the V4 Defender Optic Mounting Plate. Thank you for prioritizing safety and performance in your firearm accessories.
