

# REFLEX MINI SIGHT - SHIELD SIGHTS LTD. REFLEX MINI SIGHT (RMS) 4 MOA RED DOT GLASS EDITION

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

The next evolution in mini red dot sights. Small enough to fit discreetly on any gun, tough enough to withstand the harshest recoil and light enough that you won't even feel it's there. The Shield RMS is machined from strong aerospace grade aluminium. It has super-fast automatic brightness adjustment to adapt to your environment allowing you to concentrate on the target and the quick release side accessible battery drawer means you can change the battery without the need to dismount. Its stunning, low profile design makes it an ideal optic for any custom pistol build. Screws are not included.

# Safety Instruction Guide for the REFLEX MINI SIGHT (RMS) 4 MOA RED DOT GLASS EDITION

## Introduction

Thank you for choosing the REFLEX MINI SIGHT (RMS) 4 MOA RED DOT GLASS EDITION. This guide provides important safety information and instructions to ensure the safe and effective use of your new sight. Please read this guide thoroughly before installation and use.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the REFLEX MINI SIGHT by following all instructions provided. This product is designed for use on firearms and should be handled with care.
- **Enhanced Recalls:** Be aware that in the event of a safety issue, standardized recall notices will be issued. Keep updated on any recalls related to this product.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements. Verify that the product is genuine and not counterfeit.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to avoid accidental use.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for this product.
- **Rapid Alerts:** Stay informed about potential safety updates by checking the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- **Avoid Eye Contact:** Do not look directly into the sight when it is turned on. The brightness may cause temporary vision impairment.
- **Proper Handling:** Always handle the sight with care. Avoid dropping or subjecting it to extreme impacts.
- **Battery Safety:** Use only the specified (1) CR 2032 Lithium battery. Improper batteries can cause malfunctions or hazards.
- **Check for Damage:** Before each use, inspect the sight for any signs of damage or wear. Do not use if damaged.
- **Mounting:** Ensure the sight is securely mounted to the firearm. A loose installation can lead to misalignment and unsafe operation.
- **Environmental Considerations:** Do not expose the sight to extreme temperatures or moisture. This can affect performance and safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded before beginning installation.
- Select a suitable mounting location on your firearm.
- Align the sight with the mounting rail and secure it using appropriate screws (not included).
- Tighten the screws firmly, ensuring the sight is stable and does not move.

### 2. Powering On:

- Insert the (1) CR 2032 Lithium battery into the battery compartment as per the indicated polarity.
- Power on the sight using the designated switch.

### 3. Brightness Adjustment:

- The sight features automatic brightness adjustment. Ensure it is functioning properly in varying lighting conditions.

#### **4. Target Acquisition:**

- Align the sight with your target. Ensure a clear view through the lens before firing.
- Practice using the sight in a safe environment to become familiar with its operation.

#### **5. Battery Replacement:**

- When the battery life reaches the end (approximately 22000 hours), replace it promptly.
- Use the quick release sideaccessible battery drawer for easy replacement without dismounting the sight.

## **Disposal Instructions**

- Dispose of the sight and any batteries in accordance with local regulations.
- Do not dispose of the sight or batteries in regular household waste. Check for designated recycling or disposal facilities in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the REFLEX MINI SIGHT (RMS) 4 MOA RED DOT GLASS EDITION, please refer to the designated EU contact point for assistance.

Thank you for prioritizing safety and following these guidelines. Enjoy your new sight responsibly!
