

# KP-15 OPTIMIZED MIL-SPEC SELECTOR - KE ARMS KP-15 OPTIMIZED MIL-SPEC SELECTOR

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

The KP-15 Optimized Mil-Spec Selector is a standard Mil-Spec Selector modified with a ramp on the outside of the track. This makes it possible to remove by placing it halfway between safe and fire and pushing it out of the receiver. No tools required to remove it from the KP-15.

# KP15 Optimized MilSpec Selector Safety Instruction Guide

## Introduction

Thank you for choosing the KP15 Optimized MilSpec Selector by KE Arms. This guide provides essential safety information, installation instructions, and usage guidelines to ensure your safety and the proper functioning of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure the KP15 Optimized MilSpec Selector is installed correctly to avoid any operational hazards.
- Always handle firearms and firearm components with care and follow standard safety practices.
- Keep the selector out of reach of children and unauthorized users.
- Regularly inspect the selector for any signs of wear or damage before use.
- Store the product in a secure location when not in use.

## Specific Safety Precautions for Use

- Only use the KP15 Optimized MilSpec Selector with compatible firearms.
- Do not attempt to modify the selector beyond the manufacturer's specifications.
- Ensure the firearm is unloaded before installing or removing the selector.
- Avoid placing your finger on the trigger until you are ready to fire.
- Be aware of your surroundings and ensure a safe environment when using the firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Locate the selector on the receiver of the KP15.
- Position the selector halfway between the "Safe" and "Fire" settings.
- Gently push the selector out of the receiver; no tools are required for removal.
- To install, align the selector with the receiver and push it back into place until it clicks securely.

### 2. Usage:

- To switch between "Safe" and "Fire," rotate the selector to the desired position.
- Always confirm that the selector is functioning correctly before firing.
- Regularly check the selector's operation to ensure it remains in good working condition.

## Disposal Instructions

- Dispose of the KP15 Optimized MilSpec Selector in accordance with local regulations.
- Do not dispose of the selector in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the KP15 Optimized MilSpec Selector, please reach out to the designated contact point provided with your purchase. Ensure you have the product model and any relevant details available for a quicker response.

**Note:** This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). It is essential to stay informed about any updates or recalls related to the KP15 Optimized MilSpec Selector. Regularly check the EU's Safety Gate platform for the latest information. Your safety is our priority.
