

700 5-R STAINLESS THREADED GEN 2 6.5 CREEDMOOR - REM 700 STAINLESS 5-R THREADED GEN 2 24" BBL 6.5 CREEDMOOR

[Firearms](#) > [Rifles](#) > [Bolt Action](#)

Built off the legendary 700 action, the Remington 700 5-R sets the benchmark for accuracy and durability. Much like M-24, the barrel is cold hammer forged and features 5-R rifling. The 5R rifling profile increases barrel life expectancy, accuracy and creates less fouling and bullet deformation over time. Whether you're a benchrest shooter or longtime hunter, look no further for better reliability and precision. Why 5-R? 5-R rifling is the same type of rifling used on the battle proven M-24 SWS. There are 5 lands as opposed to the normal 6 land configuration. Traditional lands are squared off at a 90 degree angle to the groove while the lands on 5-R rifling are tapered at 110 degrees which results in less bullet deformation. Also, none of the lands are directly across from one another. Both of these features lead to better accuracy and less fouling. Legendary Model 700 Stainless Steel Action featuring the "3-Rings of Steel" makes this the strongest action on the market. Black Cerakote finish for additional protection against the elements 5-R hammer-forged with tactical/target-style rifling like that used in famous M-24 military rifles for the utmost in shot-to-shot consistency 5-R increases barrel life and accuracy, causes less friction and bullet deformation Tactical bolt knob for easy bolt manipulation Six longitudinal LTR style flutes reduce barrel weight and increase heat dissipation H.S. Precision Sand color composite stock with black webbing features full-length aluminum bedding blocks for enhanced stability and shot-to-shot consistency Dual front swivel stud system for convenient mounting of bi-pod and sling X-Mark Pro externally adjustable trigger Silencer ready with 5/8x24 Threads

Attributes

- Name: [REM 700 STAINLESS 5-R THREADED GEN 2 24" BBL 6.5 CREEDMOOR](#)
- Manufacturer: [REMINGTON](#)
- Product no.: 100050000
- Mfr. No.: R85198
- Action Type: Bolt Action
- Barrel Length: 24"
- Capacity: 4-Round
- Cartridge: 6.5 Creedmoor
- Finish: Black,Sand
- Front Sight: None
- Length: 43.75"
- Magazine Included: Hinged Floorplate
- Magazine Type: NA
- Make: Remington
- Model: 700
- Muzzle: Threaded
- Rear Sight: None
- Stock Material: H-S Precision Stock
- Weight: 8.5 lbs
- UPC: 810070680206

Safety Instruction Guide for REMINGTON 700 5R STAINLESS THREADED GEN 2 6.5 CREEDMOOR

Introduction

Thank you for choosing the REMINGTON 700 5R STAINLESS THREADED GEN 2 6.5 CREEDMOOR. This guide provides essential safety instructions to ensure the safe and effective use of your firearm. Please read and follow all instructions carefully to prevent accidents and ensure compliance with safety regulations.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure that your firearm is stored securely and out of reach of children and unauthorized users.
- Use only the recommended ammunition for your firearm.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure that you have a clear and safe shooting area.
- Do not use alcohol or drugs before or while shooting.
- Regularly inspect your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Ensure that the safety is engaged until you are ready to fire.
- Always check the barrel for obstructions before loading.
- Do not place your finger on the trigger until you are ready to shoot.
- Be cautious of the firearm's recoil and ensure a firm grip when firing.
- If a misfire occurs, keep the firearm pointed downrange and wait at least 30 seconds before attempting to clear the chamber.
- Avoid using the firearm in wet or excessively humid conditions to prevent rust and corrosion.

Instructions for Installation and Usage

Installation

- Ensure that the firearm is completely unloaded before beginning installation.
- Follow the manufacturer's instructions for attaching any accessories, such as scopes or bipods.
- Verify that all screws and mounts are secure before use.

Usage

- Load the firearm only in a safe area designated for shooting.
- Use the tactical bolt knob for easy manipulation of the bolt.
- When firing, maintain a stable shooting position and align your sights properly.
- After firing, clear the chamber and ensure the firearm is safe before any handling or storage.

Disposal Instructions

- Dispose of any unused ammunition according to local regulations.
- When disposing of your firearm, contact a licensed firearms dealer or local law enforcement for proper disposal methods.
- Do not dispose of firearms or ammunition in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding your REMINGTON 700 5R STAINLESS THREADED GEN 2 6.5 CREEDMOOR, please consult your local firearms dealer or manufacturer support.

By following these guidelines and instructions, you can help ensure a safe and enjoyable experience with your REMINGTON 700 5R STAINLESS THREADED GEN 2 6.5 CREEDMOOR. Always prioritize safety and responsibility when handling firearms.
