

MODULAR HEADSPACE COMPARATOR BULLET INSERTS - SHORT ACTION CUSTOMS 416 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparator Inserts](#)

Bullet Inserts for your Modular Headspace Comparator ***Requires Modular Headspace Comparator Body*** The Modular Headspace Body must be purchased separately and can be found at the Modular Headspace Comparator Body page. Why are you measuring a single point on the bullets ogive like all other bullet comparators do? This unique bullet comparator uses a 3.0 degree "lead angle" to contact your bullet's ogive in the exact same location as your barrel does, giving you the most accurate and useful measurements. For example, the 6.5mm Bullet Insert starts at a .266" diameter and angles down at 3.0 degrees to .256" diameter, exactly like a 6.5mm chambered barrel would. Manufactured from 17-4 Stainless Steel, these bullet inserts for the Modular Headspace Comparator are the most accurate way to measure your bullets and loaded ammunition for consistency.

Attributes

- Name: [SHORT ACTION CUSTOMS 416 CALIBER MODULAR HEADSPACE COMPARATOR BULLET INSERT](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050127

Safety Instruction Guide for MODULAR HEADSPACE COMPARATOR BULLET INSERTS SHORT ACTION CUSTOMS 416 CALIBER

Introduction

Thank you for choosing the Modular Headspace Comparator Bullet Inserts. These inserts are designed to provide you with accurate measurements for your bullets and loaded ammunition. This guide aims to ensure your safety and the effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Always handle the bullet inserts with care to avoid injury.
- Keep the product out of reach of children to prevent accidental use.
- Regularly check for updates on product safety and recalls through the EU's Safety Gate platform.
- If you notice any defects or issues with the product, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always use the Modular Headspace Comparator Bullet Inserts in conjunction with the Modular Headspace Comparator Body.
- Do not attempt to modify or alter the bullet inserts in any way.
- Wear appropriate safety gear, such as safety glasses, when measuring and handling bullets.
- Ensure that the area you are working in is clean and free from distractions to maintain focus.
- Avoid using the product in wet or damp conditions to prevent corrosion and ensure accurate measurements.
- Be cautious when measuring bullets to avoid sharp edges and potential injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the Modular Headspace Comparator Body, as it is required for the bullet inserts to function correctly.
- Gather all necessary tools and materials before starting.

2. Installation:

- Insert the Modular Headspace Comparator Bullet Insert into the Modular Headspace Comparator Body according to the manufacturer's instructions.
- Ensure that the insert is securely fitted and that there are no gaps.

3. Usage:

- Place the bullet into the comparator, ensuring that it is aligned correctly with the insert.
- Gently apply pressure to contact the bullet's ogive with the comparator.
- Read the measurement carefully and record it for your reference.
- After use, remove the bullet and clean the comparator and inserts if necessary.

4. PostUse Care:

- Store the bullet inserts in a dry, safe place away from children and pets.
- Regularly inspect the inserts for any signs of wear or damage before each use.

Disposal Instructions

- Dispose of any damaged or worn bullet inserts in accordance with local waste disposal regulations.
- Do not throw the product in regular household waste if it is made of materials that require special disposal methods.
- Check with local authorities for guidance on disposing of metal products.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the Modular Headspace Comparator Bullet Inserts, please refer to the appropriate safety contact point in your region.

Thank you for your attention to these safety instructions. Your careful handling and adherence to these guidelines will ensure a safe and effective experience with your Modular Headspace Comparator Bullet Inserts.
