

S&W M&P COMPACT MEDIUM BACKSTRAP GRIP TAPE - TALON GRIPS INC S&W M&P COMPACT MEDIUM BACKSTRAP GRIP RUBBER BLACK

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Enhance Your Compact Pistol Grip

The Smith & Wesson M&P Compact is a great concealed-carry option, thanks to the reduced size of the pistol's grip frame. However, the gun's reduced size and weight can make it harder to control during rapid fire, and the Talon S&W M&P Compact Medium Backstrap Grip Tape works to enhance the texture of your pistol frame. The Talon S&W M&P Compact Medium Backstrap Grip Tape wraps completely around the grip of the pistol, providing improved texturing on both side panels, thumb rests, front strap and backstrap of the gun. Available in rubber or granulate textures Color: black Features ambidextrous safety cutouts The Talon S&W M&P Compact Medium Backstrap Grip Tape goes on easily and remains anchored in place, due to a powerful adhesive. However, the tape does not permanently modify the gun in any way, and it can be removed easily.

Safety Instruction Guide for S&W M&P Compact Medium Backstrap Grip Tape

Introduction

Thank you for choosing the S&W M&P Compact Medium Backstrap Grip Tape by Talon Grips Inc. This product is designed to enhance your grip and control of the Smith & Wesson M&P Compact pistol. It is important to read and understand these safety instructions to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that your firearm is unloaded before applying or adjusting the grip tape.
- Keep the grip tape out of reach of children and vulnerable individuals.
- Inspect the grip tape regularly for signs of wear or damage.
- Do not use the product if it shows signs of deterioration.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- The grip tape is designed to improve grip texture; however, it may alter the feel of the firearm. Familiarize yourself with the new texture before using the firearm in a critical situation.
- Ensure that the grip tape does not obstruct any safety features of the firearm, such as the ambidextrous safety cutouts.
- Avoid exposing the grip tape to extreme temperatures or harsh chemicals, as this may affect its adhesion and performance.
- If you experience any discomfort or difficulty handling the firearm after applying the grip tape, remove it immediately.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure the firearm is unloaded and placed on a stable surface.
- Clean the grip area of the firearm with rubbing alcohol to remove any oils or residues.
- Carefully peel the backing from the grip tape, taking care not to touch the adhesive side.
- Align the grip tape with the grip frame, ensuring it wraps completely around the grip.
- Press firmly to secure the grip tape in place, ensuring there are no air bubbles.
- Allow the adhesive to cure for the recommended time before using the firearm.

2. Usage Instructions:

- Familiarize yourself with the new grip texture by practicing handling the firearm in a safe environment.
- Regularly check the grip tape for wear and proper adhesion.
- If the grip tape becomes loose or damaged, replace it as necessary to maintain optimal grip performance.

Disposal Instructions

- Dispose of any unused or damaged grip tape in accordance with local waste disposal regulations.
- Do not incinerate the grip tape, as it may release harmful substances.

Contact Information for Further Support

For any questions or concerns regarding the S&W M&P Compact Medium Backstrap Grip Tape, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure that you have the most current safety information and guidelines.

By following these safety instructions, you can ensure the safe and effective use of your S&W M&P Compact Medium Backstrap Grip Tape. Thank you for your attention to safety.
