# Safety Instruction Guide for AR .308 Buffers AERO Precision M5 Rifle Buffer

## Introduction

Thank you for choosing the AR .308 Buffers AERO Precision M5 Rifle Buffer. This product is designed for use in .308 carbines and rifles, ensuring optimal performance and safety. Please read this guide carefully to understand the safety precautions, installation instructions, and proper usage of this product.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or replacing any components.
- Use only the specified buffers for .308 carbines and rifles. Using the wrong buffer can lead to malfunction or injury.
- Keep all firearms and related products out of reach of children and unauthorized users.
- Regularly inspect your buffer and firearm for wear and tear. Replace any wornout parts immediately.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation may lead to firearm malfunctions.
- Using the incorrect buffer type can result in firearm damage or personal injury.

- **Avoiding Hazards:**

- Ensure that you are using the M5 .308 Carbine Buffer only in .308 carbines and the M5 .308 Rifle Buffer only in .308 rifles.
- Always verify that the buffer is securely installed before operating the firearm.
- Do not attempt to modify the buffer or use it for any purpose other than intended.

- **Audience Specific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Special care should be taken when using this product around children.

## Instructions for Installation and Usage

- **Installation Steps:**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing buffer by following the manufacturer's instructions for your specific firearm model.
3. Select the appropriate buffer:
  - Use the M5 .308 Carbine Buffer for .308 carbines.
  - Use the M5 .308 Rifle Buffer for .308 rifles.
4. Insert the new buffer into the buffer tube, ensuring it is seated correctly.
5. Reassemble the firearm according to the manufacturer's guidelines.
6. Conduct a function check to ensure that the firearm operates correctly.

- **Usage Guidelines:**

- Always handle your firearm with care and respect.
- Regularly clean and maintain your firearm and buffer to ensure optimal performance.
- Familiarize yourself with your firearm's operation manual for specific usage instructions.

## **Disposal Instructions**

- Dispose of any wornout or damaged buffers in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.
- Recycle materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or installation of the AR .308 Buffers AERO Precision M5 Rifle Buffer, please consult the manufacturer's website or contact their support team. Ensure you have the product information readily available for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Always practice safe handling and usage of your firearm and its components.
