[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

The Compensator that Makes Even Magnum Calibers A Joy to Shoot

The Ultradyn .338 Apollo LR Compensator 5/8"x24 does for magnum calibers what so many compensators can't even do well for non-magnum rounds; reduces recoil and muzzle rise so you can stay on target every time. The Ultradyn .338 Apollo LR Compensator 5/8"x24 is competition legal, and ensures that when you shoot, muzzle rise doesn't knock you off target or gas venting doesn't obstruct bullet travel or splash. Yes, even with magnum calibers. Installs easily Timing nut included Made in the USA The Ultradyn .338 Apollo LR Compensator is rated for use with .338 Lapua, .338 Federal, 33 Nosler, 30 Nosler, .338 RUM, .338 Win Mag, 8mm Rem Mag, .325 Win.

Safety Instruction Guide for the Ultradyne .338 Apollo LR Compensator 5/8"x24

Introduction

Thank you for choosing the Ultradyne .338 Apollo LR Compensator 5/8"x24. This product is designed to enhance your shooting experience by reducing recoil and muzzle rise, allowing for improved accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the compensator.

General Safety Guidelines

- Ensure the compensator is installed correctly to avoid potential injuries or damage.
- Always treat firearms and accessories as if they are loaded.
- Keep the compensator and all firearm components out of reach of children.
- Regularly inspect the compensator for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Use the compensator only with compatible calibers: .338 Lapua, .338 Federal, 33 Nosler, 30 Nosler, .338 RUM, .338 Win Mag, 8mm Rem Mag, and .325 Win.
- Ensure that the firearm is in good working condition before installation.
- Wear appropriate eye and ear protection while shooting.
- Never point the firearm at anything you do not intend to shoot.
- Do not modify the compensator or any firearm components without consulting a qualified gunsmith.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing muzzle device if applicable.
- Clean the muzzle threads of the firearm to remove any debris.
- Align the Ultradyne .338 Apollo LR Compensator with the muzzle threads.
- Handtighten the compensator onto the threads.
- Use the included timing nut to secure the compensator in the desired position.
- Ensure the compensator is firmly attached before use.

2. Usage

- After installation, perform a function check to ensure proper alignment.
- When shooting, maintain a firm grip on the firearm to manage recoil.
- Monitor the performance of the compensator during use; if you notice any unusual behavior, cease use immediately and inspect the product.
- Clean the compensator regularly to maintain its performance and longevity.

Disposal Instructions

- Dispose of any damaged or worn compensators in accordance with local regulations.
- Do not throw the compensator in regular household waste.
- Check with local authorities for proper disposal methods for firearm accessories.

Contact Information for Further Support
