

# AR-15 MATCH PRO ADJUSTABLE TRIGGER - ELFTMANN AR-15 MATCH PRO TRIGGER STRAIGHT FINGER ADJUSTABLE

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The ELF Match Pro Trigger has been built for performance. This trigger has an adjustable pull weight between 2.75 lbs and 4 lbs. The Elf Match Pro Trigger is identical to the Match Trigger with the addition of a proprietary threaded mounting system. The combination of aerospace grade sealed bearings, precision ground threaded bushings, and screws instead of traditional pins provide a rock-solid trigger system. Since their inception, AR platforms have always used pins to mount the trigger and hammer in the lower receiver. Because pins require some "play" in order to be installed, there is always a little play in the trigger system. This new threaded system adds a level of "solid" you need to feel to understand the difference. Pull weight is so easy to adjust it can be done in seconds without removing the trigger from your lower receiver. A second-to-none AR-15 drop-in trigger system that is strong and light, made of wire EDM machined, hardened A2 tool steel and lightweight aircraft-grade aluminum. Installation can be done in minutes using the supplied installation screws. The Match Pro trigger may be ordered with a curved or straight shoe. The amazingly short takeup, glass-rod crisp break and next to zero over-travel can be compared to the finest custom 1911 triggers. Adjustability puts you in charge based on your current use. If you are looking for the finest adjustable trigger for your AR-15 platform, this is the trigger system for you. Features Proprietary Threaded mounting system for rock solid installation. Straight or Curved Available Incremental Adjustable Knob Compatible with ALL calibers - 5.56, 9mm, .308 etc. Fits any mil-spec AR-15 (Standard pin size, no large pin Colt) Absolutely Drop-Safe regardless of pull-weight Factory set Pull-weight is approximately 50% lighter than that of a standard AR-15 trigger, providing a great combination of speed and accuracy Adjustable from 4lbs to 2 3/4lbs without removing from lower Full power proprietary Double-Double torsion hammer spring ensures proper ignition of primer Very short pull and reset allows for rapid follow up shots and greater accuracy Sturdy trigger assembly designed for rugged, trouble-free use; Made of lightweight aircraft-grade aluminum and hardened steel Unique design of disconnect allows full 1/4" width eliminating possibility of wear and double-firing High performance trigger and hammer needle bearings for smoother and faster firing Benefits a wide variety of AR-15 enthusiasts, including collectors, competitive shooters, hunters, military, law enforcement, and disabled veterans

# Safety Instruction Guide for AR15 Match Pro Adjustable Trigger

## Introduction

Thank you for choosing the AR15 Match Pro Adjustable Trigger by ELFTMANN. This product is designed for enhanced performance and safety. Please read this safety instruction guide carefully to ensure safe usage and installation.

## General Safety Guidelines

- Ensure that the trigger is installed by a qualified gunsmith or an experienced individual familiar with AR15 platform components.
- Keep the trigger and all firearm components away from children and unauthorized users.
- Always treat firearms as if they are loaded. Keep the muzzle pointed in a safe direction at all times.
- Regularly inspect your trigger and firearm for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use and modification of firearms.

## Specific Safety Precautions for Use

- **Adjustable Pull Weight:** The pull weight can be adjusted between 2.75 lbs and 4 lbs. Ensure that you understand how to adjust the pull weight correctly to avoid accidental discharges.
- **Installation:** Use only the supplied installation screws for mounting. Do not use alternative screws or methods.
- **Trigger Play:** The new threaded mounting system reduces play in the trigger. Ensure that the trigger is securely mounted before use to prevent malfunctions.
- **DropSafe Feature:** This trigger is designed to be dropsafe regardless of pull weight. However, always handle your firearm with care.
- **Usage with All Calibers:** This trigger is compatible with various calibers, including 5.56, 9mm, and .308. Ensure that your firearm is compatible with the trigger before installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the supplied installation screws.

### 2. Installation Steps:

- Remove the existing trigger assembly from the firearm's lower receiver.
- Install the AR15 Match Pro Trigger using the supplied installation screws.
- Ensure that the trigger is properly seated and that there is no movement.

### 3. Adjusting Pull Weight:

- Locate the adjustable knob on the trigger.
- Turn the knob to increase or decrease the pull weight as desired.
- Test the pull weight to ensure it meets your preference without removing the trigger from the lower receiver.

### 4. Final Check:

- After installation and adjustment, perform a function check to ensure the trigger operates correctly.
- Ensure that the firearm is in a safe condition before handling or storage.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the trigger or any part of the firearm becomes damaged beyond repair, dispose of it responsibly, ensuring it cannot be reused improperly.
- Do not throw away firearms or firearm components in regular trash. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage, please consult a qualified gunsmith or refer to the manufacturer's website for additional resources.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your AR15 Match Pro Adjustable Trigger. Always prioritize safety and responsible handling of firearms. Thank you for your attention to these important guidelines.
