An AR 308 Bolt-Carrier Group Built for Better Performance

Those who demand premium performance from their AR 308 rifles focus on a number of elements within their rifles in order to boost durability, precision and reliability. One of those key components is the bolt-carrier group, and the CMC Triggers AR 308 Enhanced Bolt Carrier Group is purpose-built to enhance functionality in your short-action AR. Each CMC Triggers AR 308 Enhanced Bolt Carrier Group is machined from case-hardened 8620 steel and features a flared rear assembly that prevents the carrier from canting or tilting during recoil. The carrier also features relocated bearing surfaces designed to ensure smoother, more-reliable function. Three forward ports allow gas to escape in the event of an overpressure round, and the bolt carrier itself is optimized for use with suppressors. Within the bolt carrier itself is the bolt assembly, which features true mil-spec dimensions and external surfaces that are CNC-ground after heat-treatment in order to ensure precise tolerances. The bolt is constructed from 9310 case-hardened steel and features a low-friction, black-nitride coating. The bolt is designed for use with 7.62 NATO cartridges and related rounds.

Attributes

- Name: [CMC TRIGGERS ENHANCED BOLT CARRIER GROUP 308 NITRIDE BLACK](#)
- Manufacturer: [CMC TRIGGERS](#)
- Product no.: 207000101
- Mfr. No.: 81633
- Cartridge: 30 Caliber (.308)

AR 308 Enhanced Bolt Carrier Group Safety Instructions

Introduction

Thank you for choosing the CMC Triggers AR 308 Enhanced Bolt Carrier Group. This product is designed to enhance the performance and reliability of your AR 308 rifle. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and ammunition separately and securely to prevent unauthorized access.
- Wear appropriate eye and ear protection when using your firearm.
- Be aware of your surroundings and ensure a clear target before firing.
- Do not modify the bolt carrier group or any other firearm components unless you are a qualified gunsmith.
- Regularly inspect your firearm and its components for signs of wear or damage.

Specific Safety Precautions for Use

- Ensure that the bolt carrier group is compatible with your AR 308 rifle before installation.
- Use only 7.62 NATO cartridges and related rounds with this bolt carrier group.
- Check for proper installation of the bolt carrier group before use to prevent malfunctions.
- Do not attempt to fire the rifle with an obstructed barrel.
- Be cautious of overpressure rounds, which can cause malfunctions. If you experience a malfunction, cease firing immediately and follow proper clearing procedures.
- Keep your fingers off the trigger until you are ready to shoot.

Instructions for Installation and Usage

1. Installation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier group from your rifle.
- Carefully insert the CMC Triggers AR 308 Enhanced Bolt Carrier Group into the upper receiver.
- Ensure that the bolt is fully seated and locked in place.
- Reassemble any other components that were removed during the process.

2. Usage:

- Load your rifle with 7.62 NATO cartridges.
- Check the operation of the bolt carrier group by cycling the action several times.
- Ensure that the firearm functions correctly before taking it to the range.
- Follow all standard operating procedures for safe firearm handling and shooting.

Disposal Instructions

- Dispose of any damaged or worn components according to local regulations.
- Do not dispose of your bolt carrier group in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods for firearms components.

Contact Information for Further Support

For any safety inquiries or concerns regarding the CMC Triggers AR 308 Enhanced Bolt Carrier Group, please refer to the EU contact point for consumer safety inquiries.

By following these guidelines, you can ensure a safe and enjoyable experience with your AR 308 Enhanced Bolt Carrier Group. Always prioritize safety and responsible firearm ownership.
