

SA58 FAL FULLY ADJUSTABLE PARA B.R.S. - BATTLE RIFLE STOCK - D.S. ARMS SA58 FAL FULLY ADJUSTABLE PARA B.R.S.-BATTLE RIFLE STOCK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

DS Arms has revolutionized the FAL platform with our new B.R.S. - Battle Rifle Stock. DS Arms new and innovative buttstock design gives the popular FAL series of rifles a greater level of adjustment, precision, durability and functionality. Constructed from high impact glass filled reinforced polymer and metal, this stock is built to last! The B.R.S. folds to the right side of the rifle, this will still allow the rifle to "Fire While Folded". The Side folding actuation button is located on the bottom for ergonomic and ambidextrous use, but locks into the side of a polymer over-molded steel plate designed for ultimate durability. The cheek-piece adjusts without tools, levers or turning wheels giving the B.R.S. a sleek profile and simple operation. The cheek piece features a full parallel rise with (4) 1/4" settings; instead of just a tilting action as seen on other "modern" stock designs. There are 7 length of pull positions and adjusts with low profile ambidextrous levers that are ergonomically placed for ease and speed. The B.R.S. features several sling placement options including two reversible quick detach QD sling pockets, left side QD sling pocket and a standard sling loop at the bottom heel of the stock. For added comfort the butt pad is fabricated from rubber but features a steel reinforcement plate for added strength. If you want true innovation for your FAL rifle look no further than the B.R.S. The DS Arms B.R.S. is designed to function only with an existing PARA configuration rifle; to convert your fixed stock configuration rifle check out the complete line of DS Arms PARA conversion kits. Specifications: Weight: 1.6 lbs. - 25 oz. Length of Pull: 12.5"-15" Comb Height Adjustment: 1" total in 1/4" increments QD Sling Locations: Top and Bottom Rear - Reversible Color: Black

Safety Instruction Guide for SA58 FAL Fully Adjustable PARA B.R.S. Battle Rifle Stock

Introduction

Thank you for choosing the SA58 FAL Fully Adjustable PARA B.R.S. Battle Rifle Stock by D.S. Arms. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully and keep it for future reference.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle firearms responsibly and follow all local laws and regulations regarding firearm use and ownership.
- Keep the product out of reach of children and unauthorized users to prevent accidents.
- Regularly inspect the stock for any signs of damage or wear. Do not use the stock if it is damaged.
- Be aware of your surroundings and ensure that the area is safe before using the firearm equipped with this stock.
- If you experience any malfunctions or issues with the stock, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- The B.R.S. is designed to fold to the right side of the rifle. Ensure that the folding mechanism is functioning correctly before use.
- When folding the stock, make sure that the firearm is unloaded and pointed in a safe direction.
- The cheekpiece adjusts without tools. Ensure that it is securely locked in place before firing.
- Adjust the length of pull using the ambidextrous levers. Confirm that the adjustment is secure before use.
- Utilize the sling placement options correctly to maintain control of the firearm during use.
- Always wear appropriate safety gear, such as eye and ear protection, when using the firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded before beginning installation.
- Remove the existing stock from your FAL rifle according to the manufacturer's instructions.
- Align the B.R.S. with the rifle's receiver and secure it in place using the provided hardware.
- Confirm that the stock is securely attached and that there are no loose components.

2. Adjusting the CheekPiece:

- Locate the cheekpiece adjustment mechanism.
- Slide the cheekpiece to the desired height and confirm that it locks into place without tools.

3. Adjusting the Length of Pull:

- Locate the ambidextrous levers on the stock.
- Pull the levers to adjust the length of pull to your preference.
- Ensure that the levers are pushed back down to lock the adjustment in place.

4. Using the Sling:

- Attach your sling to the designated QD sling pockets or standard sling loop.
- Confirm that the sling is secure before use.

5. Folding the Stock:

- To fold the stock, press the actuation button located on the bottom of the stock.
- Fold the stock to the right side of the rifle and ensure it locks in place.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding plastic and metal waste.
- Do not incinerate the stock, as it may release harmful substances when burned.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents unauthorized use.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the SA58 FAL Fully Adjustable PARA B.R.S., please contact your local D.S. Arms representative or visit our official website for additional resources.

By adhering to these guidelines, you can ensure the safe and effective use of your SA58 FAL Fully Adjustable PARA B.R.S. Battle Rifle Stock. Thank you for your attention to safety.
