Safety Instruction Guide for Inletting Guide Screws

Introduction

Thank you for choosing the Inletting Guide Screws from Forster Products, Inc. This guide is designed to provide important safety information and instructions for the proper use of these screws. Please read this guide carefully before using the product to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose. The Inletting Guide Screws are designed for use with Mauser Universal Rifles.
- Always inspect the screws for any damage or wear before use. Do not use damaged screws.
- Keep the screws out of reach of children and vulnerable individuals.
- Follow all instructions provided in this guide to avoid potential hazards.
- If you encounter any issues or have concerns regarding the product, seek assistance from a qualified professional.

Specific Safety Precautions for Use

- Use caution when handling the screws to avoid injury. The screws are small and can be easily lost.
- When inserting or removing the barreled action, ensure that the firearm is unloaded and pointed in a safe direction.
- Do not overtighten the screws during installation, as this may cause damage to the firearm or the screws.
- Always wear appropriate safety gear, such as safety glasses, when working with firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe working area.
- Gather all necessary tools for installation, including a screwdriver that fits the screw head.

2. Installation:

- Align the Inletting Guide Screws with the designated holes in the stock of the firearm.
- Carefully insert the screws into the holes, ensuring that they are straight and aligned.
- Use the screwdriver to tighten the screws gently. Avoid overtightening to prevent damage.

3. Usage:

- The headless design allows for easy removal and reinstallation of the barreled action.
- When removing the barreled action, ensure that the firearm is still pointed in a safe direction and that you are following all safety protocols.
- Repeat the process as necessary without removing the screws from the stock.

4. After Use:

- Inspect the screws for any signs of wear or damage after use.
- Store the screws in a safe place when not in use.

Disposal Instructions

- Dispose of any damaged or worn screws in accordance with local regulations.
- Do not dispose of screws in regular household waste. Check for designated recycling or hazardous waste disposal options in your area.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Inletting Guide Screws, please contact your local distributor or retailer.

Thank you for following these safety instructions. Your safety and the safety of others is our top priority.
