Integral Red Dot Sight Mounting Slot, Plus a Ton of Custom Features!

The limited production Brownells Brown RMR Slide for Glock® 21 Gen3 pistols features a pre-cut slot for easy, secure, low-profile mounting of a Trijicon RMR or Holosun red dot sight. Up front, there are distinctive, cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. And we'll admit it: the serrations just look cool, too. All RMR Slides also have standard Glock® factory front and rear sight dovetails for "iron" sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. A Brownells RMR Slide is the ideal upgrade for your factory Glock® 21 Gen3 OR the perfect "top half" for a brand-new custom gun build. Fits Gen3 Glock® 21 pistols & clones Built-in Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Factory front/rear iron sight cuts, too Machined from corrosion-resistant 17-4 stainless steel billet Each RMR Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll accept factory or aftermarket barrels and internal parts. Each slide is heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

RMR CUT SLIDE FOR GLOCK™ 21 GEN 3 SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the RMR Cut Slide for Glock™ 21 Gen 3. This product is designed to enhance your firearm's functionality while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper handling, installation, and maintenance of your RMR Cut Slide.

General Safety Guidelines

- Ensure that the firearm is unloaded before installing or handling the slide.
- Always treat your firearm as if it is loaded.
- Keep firearms out of reach of children and unauthorized users.
- Use appropriate protective gear, such as safety glasses, when handling firearms.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Regularly inspect your firearm and accessories for wear and damage.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Cocking Serrations:** Use the cocking serrations responsibly to manipulate the slide. Ensure your hands are clear of the ejection port when operating the slide.
- **Red Dot Sight Installation:** When mounting a Trijicon RMR or Holosun red dot sight, follow the manufacturer's instructions carefully to ensure secure attachment.
- **Iron Sights:** If using suppressorheight iron sights for cowitnessing, ensure they are properly installed to avoid misalignment.
- **Heat Treatment:** The slide is heattreated for enhanced durability. Avoid exposing it to extreme temperatures that may affect its integrity.
- **Channel Liner:** A channel liner is required for installation. Use the recommended tool (#777100017) to ensure proper fit and avoid damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including the recommended channel liner installation tool.

2. Removing the Existing Slide:

- Follow the manufacturer's instructions to safely remove the existing slide from your Glock™ 21 Gen 3.

3. Installing the RMR Cut Slide:

- Align the RMR Cut Slide with the frame of the Glock™ 21 Gen 3.
- Ensure that the slide is seated properly on the frame.
- Install the channel liner using the recommended tool to secure it in place.

4. Mounting the Red Dot Sight:

- Follow the instructions provided by the red dot sight manufacturer for proper mounting.

- Ensure that the sight is securely attached and properly aligned.

5. Final Checks:

- Perform a function check of the firearm to ensure everything operates smoothly.
- Confirm that all components are securely installed and that there are no loose parts.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of the RMR Cut Slide or any firearm components in regular household waste.
- Contact your local waste management facility for proper disposal methods for firearms and firearm accessories.

Contact Information for Further Support

For any questions or concerns regarding the RMR Cut Slide for Glock™ 21 Gen 3, please refer to the manufacturer's website or customer service for assistance. Ensure you have your product details ready for a more efficient support experience.

By following these guidelines and instructions, you can ensure safe and effective use of your RMR Cut Slide for Glock™ 21 Gen 3. Always prioritize safety and compliance with applicable laws while handling firearms and their accessories.
