

# **MUZZLELOADER MAXIMUS .45 X .50 CALIBER BULLETS - CUTTING EDGE BULLETS .45X.50 CALIBER 250GR COPPER HOLLOW POINT SABOT 12/BOX**

[Reloading](#) > [Muzzleloading Components](#) > [Bullets](#)

This is a .45 caliber bullet in a .50 caliber sabot. For use in .50 caliber muzzleloaders. The new MZL Maximus high BC muzzleloader bullet was designed for use in in-line muzzleloaders and could possibly be the most accurate muzzleloader bullet ever made. These bullets are machined on a CNC Swiss style lathe out of solid copper bar stock and will function down to 1300fps. This 12 pack comes with red Harvester crush rib sabots.

# MUZZLELOADER MAXIMUS .45 X .50 CALIBER BULLETS Safety Instruction Guide

## Introduction

Thank you for purchasing the MUZZLELOADER MAXIMUS .45 X .50 CALIBER BULLETS. This guide provides important safety information and instructions for the safe use of these bullets. Please read this document carefully to ensure safe handling and usage.

## General Safety Guidelines

- Ensure you are of legal age to purchase and use ammunition in your jurisdiction.
- Always handle ammunition with care and respect.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized persons.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Familiarize yourself with local laws regarding the use of muzzleloaders and ammunition.
- Regularly check for updates on product safety and recalls.

## Specific Safety Precautions for Use

- Before using the MUZZLELOADER MAXIMUS bullets, ensure that your muzzleloader is compatible with .50 caliber sabots.
- Verify that the bullets are not damaged or deformed before use.
- Do not exceed the recommended velocity of 1300 fps when using these bullets.
- Avoid using these bullets in firearms that are not specifically designed for muzzleloading.
- Always follow the manufacturer's instructions for loading and firing.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the muzzleloader is unloaded before handling the bullets.
- Gather all necessary equipment, including your muzzleloader, powder, and cleaning materials.

### 2. Loading:

- Use only the recommended powder type for your muzzleloader.
- Measure the appropriate amount of powder according to your muzzleloader's specifications.
- Insert the bullet into the sabot, ensuring it fits snugly.
- Load the sabot and bullet combination into the muzzleloader.

### 3. Firing:

- Ensure the firearm is pointed in a safe direction.
- Check that the area is clear of people and obstacles.
- Follow the standard firing procedures for your muzzleloader.
- After firing, check the firearm and bullet for any signs of malfunction.

### 4. PostUse Care:

- Clean the muzzleloader thoroughly after use to prevent residue buildup.
- Store any unused bullets in their original packaging in a safe location.

## **Disposal Instructions**

- Dispose of any damaged or unused bullets in accordance with local regulations.
- Do not throw bullets in regular trash. Contact local waste management authorities for proper disposal methods.
- Ensure that any spent casings are also disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the MUZZLELOADER MAXIMUS bullets, please reach out to the designated EU contact point provided by the manufacturer.

Please remember to always prioritize safety and responsible use when handling ammunition. Thank you for choosing MUZZLELOADER MAXIMUS .45 X .50 CALIBER BULLETS.
