

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 277 FURY FULL LENGTH BENCH REST DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Attributes

Safety Instruction Guide for FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS

Introduction

Thank you for choosing the Forster FULL LENGTH SIZING AND BENCH REST SEATER DIE SET. This guide provides important safety information and instructions for the safe use of this product. Please read and understand all sections of this guide before using the die set to ensure a safe and effective reloading experience.

General Safety Guidelines

- Ensure that all components of the die set are in good condition and free from defects before use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when handling reloading equipment.
- Keep the reloading area clean and organized to prevent accidents.
- Store the die set in a secure location away from children and vulnerable individuals.
- Familiarize yourself with local laws and regulations regarding reloading and ammunition.
- Report any unsafe products or incidents to local authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper use of reloading dies can lead to accidents, including personal injury or damage to property.
- Always ensure that you are using the correct caliber and type of die for your ammunition.

• Instructions to Avoid Hazards:

- Read the reloading manual specific to your firearm and ammunition type before starting the reloading process.
- Do not exceed recommended load specifications as this can result in dangerous pressure levels.
- Avoid distractions while reloading to maintain focus and attention on the task at hand.
- Do not modify or alter the die set in any way, as this may compromise safety.

• AgeSpecific Warnings:

- This product is intended for use by individuals 18 years of age and older. Ensure that younger individuals are supervised by a responsible adult when handling this product.

Instructions for Installation and Usage

• Installation:

1. Ensure that your reloading press is securely mounted and stable.
2. Select the appropriate die from the die set (sizing die or seater die).
3. Insert the die into the reloading press and tighten it securely according to the manufacturer's instructions.
4. Adjust the die to the desired setting based on your reloading specifications.

• Usage:

1. Begin by preparing your brass cases according to the reloading manual.

2. Use the full length sizing die to resize the brass cases as per the recommended procedures.
3. After sizing, use the Forster Bench Rest seater die to seat the bullets into the resized cases.
4. Inspect each round for proper seating and overall quality before use.
5. Store any unused components and finished rounds in a safe manner.

Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not throw away used reloading materials in regular trash; instead, follow specific guidelines for hazardous materials if applicable.
- Always check with local waste management authorities for safe disposal practices.

Contact Information for Further Support

For any questions or concerns regarding the use of the FULL LENGTH SIZING AND BENCH REST SEATER DIE SET, please consult the product manual or reach out to the manufacturer for assistance. Remember to always follow safety guidelines and regulations to ensure a safe reloading experience.

By adhering to these safety instructions, you can ensure a safe and effective reloading process with the Forster FULL LENGTH SIZING AND BENCH REST SEATER DIE SET. Thank you for your attention to safety, and happy reloading!
