

THREADED BARREL FOR SIG SAUER P320 COMPACT - TRUE PRECISION THREADED BARREL FOR SIG SAUER P320 DLC BLACK

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Fits the Sig P320 Compact, X-Carry (minor fitting may be required on some X-Carry models), and M18 (will not fit the X-Compact). Easy to install drop-in design. Threaded barrel length is 4.64" from breechface to muzzle (without thread protector attached). Retains Loaded Chamber Indicator cut for M18 to allow interchangeability among P320 variants. Advanced proprietary broach cut design specifically engineered for increased accuracy potential. Broach cut 6 groove rifling allows for all ammo types to be used safely, including cast lead. 100% Designed and manufactured in the USA with USA sourced certified 416R Stainless Steel. 9mm 1/10RH twist rifling. Special 11 degree competition style target crown for non-threaded versions or 1/2x28 threads with included thread protector on threaded versions. Threaded versions include Viton high heat integral O-ring lock thread protector. SAAMI spec chamber. Improved overall fit from OEM with added chamfers, improved radius cuts, and other additions for a better than OEM barrel. Assorted specialty coatings and finishes to choose from. Light fitting may be required for some X-Carry models.

Safety Instruction Guide for the Threaded Barrel for Sig Sauer P320 Compact

Introduction

Thank you for choosing the Threaded Barrel for your Sig Sauer P320 Compact. This guide provides essential safety information, installation instructions, and general usage guidelines to ensure safe and effective operation of your new product. Please read this manual thoroughly before use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Sig Sauer P320 Compact before installing the threaded barrel.
- Always handle firearms with care and follow standard safety practices, including keeping the firearm pointed in a safe direction.
- Store the threaded barrel and all related components in a secure location, out of reach of unauthorized users, especially children.
- Inspect the threaded barrel for any visible damage or defects before installation.
- Only use the threaded barrel with compatible ammunition (9 mm Luger) as specified in the product description.
- Do not modify or attempt to repair the threaded barrel. Any unauthorized modifications may compromise safety and performance.
- Be aware of local laws and regulations regarding the use of threaded barrels and firearms.

Specific Safety Precautions for Use

- Use hearing protection when firing a firearm equipped with a threaded barrel, as it may produce increased noise.
- Ensure that the firearm is unloaded before installing or removing the threaded barrel.
- Verify that the barrel is properly secured before firing. A loose barrel may lead to dangerous malfunctions.
- Always check for proper chambering of ammunition before firing.
- Avoid using lead cast ammunition unless explicitly stated as safe, as it may lead to barrel fouling.
- If you experience any malfunctions or unusual performance, stop using the firearm immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Instructions

1. **Ensure Safety:** Confirm that the firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Barrel:** Follow the manufacturer's instructions to disassemble the firearm and remove the existing barrel.
3. **Install the Threaded Barrel:**
 - Align the new threaded barrel with the slide and ensure it fits correctly.
 - Slide the barrel into position, making sure it is seated properly.
4. **Secure the Barrel:** Reassemble the firearm according to the manufacturer's guidelines, ensuring all components are correctly installed.
5. **Check for Proper Function:** Before using the firearm, check that the barrel is secure and that the firearm operates smoothly.

Usage Instructions

- Always follow safe shooting practices when using the firearm.
- Use the included thread protector when the barrel is not in use to prevent damage to the threads.
- Be mindful of the increased accuracy potential and adjust your shooting technique as necessary.
- Regularly clean the barrel to maintain performance and safety.

Disposal Instructions

- Dispose of the threaded barrel and any related components in accordance with local regulations.
- Do not dispose of the threaded barrel in general waste. Check for recycling programs or hazardous waste disposal options in your area.

Contact Information for Further Support

For any inquiries regarding safety, usage, or installation of your threaded barrel, please refer to the manufacturer's contact information provided with your product. Ensure to keep this manual for future reference.

By following these guidelines, you can ensure the safe and effective use of your Threaded Barrel for the Sig Sauer P320 Compact. Always prioritize safety and responsible handling of firearms.
