FLEXIBLE 45" RIFLE BORESCOPE WITH 5" IPS SCREEN

Safety Instruction Guide

Introduction

Thank you for purchasing the FLEXIBLE 45" RIFLE BORESCOPE WITH 5" IPS SCREEN by TESLONG. This guide provides essential safety instructions to ensure the safe and effective use of your borescope. Please read this manual carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the manual.
- Keep the borescope and its components out of reach of children and pets.
- Inspect the borescope and accessories for any damage before use. Do not use if damaged.
- Avoid using the device in wet or damp environments unless specified as waterproof.
- Store the borescope in a dry place and keep it protected from extreme temperatures.
- Follow all local regulations regarding the use of electronic devices.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Use only the provided USB TypeC charging cable to charge the borescope.
 - Do not attempt to open or repair the lithiumion battery.
- **Optical Safety:**
 - Do not look directly into the camera lens when the light is on.
 - Avoid shining the LED lights into anyone's eyes.
- **Mechanical Safety:**
 - Handle the probe gently to avoid bending or breaking it.
 - Ensure the probe is inserted into the intended area without excessive force.
- **Environmental Safety:**
 - Do not expose the borescope to extreme temperatures or direct sunlight for extended periods.
 - The device is rainproof but should not be submerged in water.

Instructions for Installation and Usage

1. Charging the Device:

- Connect the USB TypeC charging cable to the borescope and a suitable power source.
- Allow the device to charge fully before first use for optimal performance.

2. Setting Up the Borescope:

- Place the 5inch monitor on a flat, stable surface.
- Connect the 45inch flexible borescope probe to the monitor.
- Turn on the monitor using the power button.

3. Using the Borescope:

- Insert the probe into the area you wish to inspect carefully.
- Use the monitor to view realtime images and videos.
- Adjust the probe light using the LED controls for better visibility.
- Capture images or record videos as needed.

4. After Use:

- Carefully remove the probe from the inspection area.
- Power off the borescope and disconnect the probe.
- Clean the probe with a soft, dry cloth to remove any debris.

Disposal Instructions

- Dispose of the borescope and its components in accordance with local regulations.
- Do not dispose of the lithiumion battery in household waste.
- Take the battery to a designated recycling center or follow local battery disposal guidelines.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact details provided in the product packaging or user manual.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your FLEXIBLE 45" RIFLE BORESCOPE WITH 5" IPS SCREEN. Always prioritize safety while using this device and report any unsafe conditions to the appropriate authorities. Thank you for choosing TESLONG.
