

BRN-4 STRIPPED BARRELS CHROME LINED - BRN-4 5.56X45 10.4" MEDIUM CHROME LINED BARREL, PHOSPHATE

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Brownells BRN-4 HK® 416 compatible barrels, available in a variety of lengths and two contours. Historically extremely hard to procure, HK® 416 compatible barrels are now available as part of the BRN-4 lineup. These barrels machined by Faxon, fit early generations of HK® 416 upper receivers and components. They are the perfect fit with the BRN-4 bolt carrier group and gas block (search "BRN-4" for all parts). Available in common barrel lengths of 10.4, 14.5 and 16 inch, these barrels are suitable for any need. You can select the classic "heavy" profile, which is similar to the profile found on earlier HK® 416 models, ensuring barrel rigidity with minimal flex, or you can pick the new "medium" profile, which saves weight and makes the rifle quite handy. Barrels are button rifled with a 1-7 twist and have commonly used 1/2-28 muzzle threads for the attachment of the muzzle device of your choice. A deep black nitride finish provides an extremely hard exterior and interior, that is easy to clean. The longer barrel extension of the BRN-4 allows for a robust matchup to the upper receiver, and a simple install with the BRN-4 barrel nut (430-100-141). 5.56x45mm NATO chamberings allow for a wide variety of commercially found ammunition to function, as well as 223 Remington cartridges. No need to worry about picking the right gas system length, as all of these barrels have the same piston rod assembly (078-000-644), just be sure to pick the correct BRN-4 gas block to match your overall barrel length, (078-000-708 & 078-000-709). Be sure to pick up the gas block coil pins for final assembly as well (430-103-127). Recommended Barrel Nut Torque: 50-80 ft/lbs

Attributes

- Name: [BRN-4 5.56X45 10.4" MEDIUM CHROME LINED BARREL, PHOSPHATE](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 430105149
- Mfr. No.: BN-BRN4556-CLMP-10.4M
- Cartridge: 5.56 x 45
- Contour: Medium
- Finish: Steel
- Gas System Length: -
- Length: 10.4"
- Make: Heckler & Koch, Brownells
- Model: BRN-4, HK416
- Muzzle Threads: 1/2-28
- Twist: 1-7
- Delivery weight: 0.499kg
- Shipping height: 25mm
- Shipping width: 32mm
- Shipping length: 286mm

Safety Instruction Guide for BRN4 Stripped Barrels

Introduction

Thank you for choosing the BRN4 Stripped Barrels. This guide provides essential safety instructions and guidelines to ensure the safe and proper use of your product. Please read this document carefully before using the barrel.

General Safety Guidelines

- Ensure the barrel is compatible with your firearm before installation.
- Always follow local laws and regulations regarding firearm modifications and usage.
- Inspect the barrel for any visible damage or defects before use.
- Store the barrel in a secure location, away from children and unauthorized users.
- Use appropriate safety gear, including eye and ear protection, when handling firearms.
- Be aware of your surroundings and ensure a safe environment when using your firearm.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the BRN4 barrel is compatible with your HK® 416 upper receiver and components.
- **Installation:** Follow the installation instructions carefully to avoid improper assembly, which could lead to malfunctions.
- **Ammunition:** Use only 5.56x45mm NATO or .223 Remington cartridges. Using incorrect ammunition may cause serious injury or damage.
- **Gas System:** Confirm that the correct gas block is selected to match your barrel length. Using the wrong gas block can affect firearm performance.
- **Torque Specifications:** When installing the barrel nut, adhere to the recommended torque specifications of 5080 ft/lbs to ensure proper fit and function.
- **Maintenance:** Regularly clean and maintain the barrel to ensure optimal performance and longevity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components, including the BRN4 barrel, upper receiver, barrel nut, and gas block.
- Ensure you are in a wellventilated area and have proper lighting.

2. Installation:

- Remove the existing barrel from your upper receiver, if applicable.
- Install the BRN4 barrel into the upper receiver, ensuring it is properly aligned.
- Secure the barrel using the BRN4 barrel nut. Use a torque wrench to tighten the nut to the recommended specifications (5080 ft/lbs).
- Install the gas block, ensuring it is compatible with the barrel and properly aligned with the gas port.

3. Final Checks:

- Inspect the assembly to ensure all components are secure and properly installed.
- Check the muzzle threads to ensure they are clean and free of debris before attaching any muzzle

device.

4. Usage:

- Load your firearm with the appropriate ammunition (5.56x45mm NATO or .223 Remington).
- Follow standard firearm safety practices while handling and firing your weapon.
- Regularly check for any signs of wear or damage during use.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- Do not dispose of the barrel in regular household waste. Check for recycling programs or hazardous waste disposal facilities in your area.

Contact Information for Further Support

For any questions or concerns regarding the BRN4 Stripped Barrels, please refer to the manufacturer's website or your point of purchase for additional support and resources.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your BRN4 Stripped Barrels. Always prioritize safety and remain informed about best practices for firearm handling and maintenance.
