

BIPODS FOR TAVOR X95 RIFLE - TAVOR X95 8.2" FOREND BIPOD BLACK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER Balanced. Integrated. Accurate. The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past. BLK LBL was borne out of the question: Why is something as practical as a bipod still an impractical attachment? When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle. A Passion for Precision With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance. Competitive & Sport Shooters: The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand. Outdoorsmen & Hunters: The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills. Law Enforcement & Armed Forces: Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance. Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation. Durable aluminum handguard with the finest integrated bipod available. Made for the IWI X95 We make two lengths, SHORT for 16.5" barrels, and LONG for 18.5" barrels. Both the handguard and the legs are longer on the LONG version. SHORT - 209mm/8.2" long, 478g / 16.8 ounces, Legs extend from 6" to 9" LONG - 248mm/9.7" long, 526g/ 18.5 ounces, Legs extend from 8" to 11.5" 40 degrees of Cant rotation

Attributes

- Name: [TAVOR X95 8.2" FOREND BIPOD BLACK](#)
- Manufacturer:
- Product no.: 430105558
- Mfr. No.: BL-X95-B-SH-BLK
- Color: Black
- Feet Material: Aluminum

- Height: 2.92
- Weight: 1 lbs
- Delivery weight: 0.63kg
- Shipping height: 108mm
- Shipping width: 108mm
- Shipping length: 318mm
- UPC: 850050265122

Item details

Safety Instruction Guide for BIPODS FOR TAVOR X95 RIFLE

Introduction

Thank you for choosing the BIPODS FOR TAVOR X95 RIFLE. This guide provides essential safety instructions to ensure the safe and effective use of your bipod. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the bipod by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any recalls. Check regularly for updates related to your product.
- **Online Shopping:** If purchased online, ensure the retailer complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Be aware of the EU's Safety Gate system for updates on unsafe products.

Specific Safety Precautions for Use

- **Inspect Before Use:** Always inspect the bipod for any signs of damage or wear before use. Do not use if damaged.
- **Stable Surface:** Ensure that the bipod is set up on a stable and flat surface to prevent tipping or falling.
- **Proper Handling:** Handle the bipod with care. Avoid using excessive force when adjusting or deploying the legs.
- **Avoid Overextension:** Do not extend the legs beyond the specified limits to prevent breakage or instability.
- **Use as Intended:** This bipod is designed for the TAVOR X95 rifle. Do not use it with other firearms unless specified.
- **Shooting Position:** Always maintain a safe shooting position and ensure that the area is clear before firing.
- **Environmental Considerations:** Be mindful of your surroundings, especially in outdoor environments where branches or heavy brush may interfere with the bipod.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and safe before attaching the bipod.
- Align the bipod with the mounting point on the TAVOR X95 rifle.
- Securely fasten the bipod to the rifle according to the manufacturer's instructions.

2. Adjusting Leg Length:

- To adjust the leg length, press the release button on the leg and extend or retract to the desired length.
- Ensure both legs are set to the same length for stability.

3. Deploying the Bipod:

- To deploy the bipod, gently pull the legs down until they click into place.
- Ensure the legs are fully extended and locked before use.

4. **Pan and Cant Adjustment:**

- Utilize the ball and socket joint for fluid movement. Adjust the cant and pan as needed for target acquisition.

5. **Stowing the Bipod:**

- When not in use, fold the legs back flush with the handguard to prevent snagging on clothing or gear.

Disposal Instructions

- **Disposal of Product:** When the bipod has reached the end of its life, dispose of it responsibly. Check local regulations for proper disposal methods.
- **Recycling:** If possible, recycle the aluminum components according to local recycling guidelines.

Contact Information for Further Support

For further assistance or inquiries regarding the safety and use of the BIPODS FOR TAVOR X95 RIFLE, please refer to the contact information provided by your retailer or manufacturer.

By following these safety instructions, you can ensure a safe and enjoyable experience with your BIPODS FOR TAVOR X95 RIFLE. Always prioritize safety and responsible usage.
