

# BIPODS FOR TAVOR X95 RIFLE - TAVOR X95 8.2" FOREND BIPOD FLAT DARK EARTH

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER Balanced. Integrated. Accurate. The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past. BLK LBL was borne out of the question: Why is something as practical as a bipod still an impractical attachment? When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle. A Passion for Precision With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance. Competitive & Sport Shooters: The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand. Outdoorsmen & Hunters: The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills. Law Enforcement & Armed Forces: Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance. Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation. Durable aluminum handguard with the finest integrated bipod available. Made for the IWI X95 We make two lengths, SHORT for 16.5" barrels, and LONG for 18.5" barrels. Both the handguard and the legs are longer on the LONG version. SHORT - 209mm/8.2" long, 478g / 16.8 ounces, Legs extend from 6" to 9" LONG - 248mm/9.7" long, 526g/ 18.5 ounces, Legs extend from 8" to 11.5" 40 degrees of Cant rotation

## Attributes

- Name: [TAVOR X95 8.2" FOREND BIPOD FLAT DARK EARTH](#)
- Manufacturer:
- Product no.: 430105559
- Mfr. No.: BL-X95-B-SH-FDE
- Colour: Flat Dark Earth
- Feet Material: Aluminum

- Height: 2.92
- Weight: 1.01 lbs
- Delivery weight: 0.635kg
- Shipping height: 108mm
- Shipping width: 108mm
- Shipping length: 318mm
- UPC: 850050265139

# Safety Instruction Guide for BIPODS FOR TAVOR X95 RIFLE

## Introduction

Thank you for choosing the BIPODS FOR TAVOR X95 RIFLE. This guide provides essential safety instructions to ensure the safe and effective use of your bipod. Please read this guide carefully before using the product to minimize risks and enhance your experience.

## General Safety Guidelines

- Ensure that the bipod is compatible with your TAVOR X95 rifle before use.
- Always inspect the bipod for any damage or wear before each use.
- Do not use the bipod in conditions that may compromise its stability, such as on uneven or slippery surfaces.
- Keep the bipod and its components out of reach of children and vulnerable individuals.
- If you notice any defects or issues with the bipod, cease use immediately and seek assistance.

## Specific Safety Precautions for Use

- When deploying the bipod, ensure that the legs are fully extended and locked in place to prevent accidental collapse.
- Avoid placing excessive weight on the bipod beyond its specified limits.
- Be cautious when adjusting the leg length; ensure that your fingers and other body parts are clear of moving parts.
- When transitioning from a prone position or while moving, retract the bipod legs to avoid snagging on clothing or surrounding objects.
- Do not use the bipod as a support for any purpose other than stabilizing your rifle during shooting.

## Instructions for Installation and Usage

### 1. Installation:

- Align the bipod with the mounting point on the TAVOR X95 rifle.
- Secure the bipod according to the manufacturer's instructions, ensuring it is tightly fastened.
- Check that the bipod is stable and properly attached before proceeding.

### 2. Usage:

- To deploy the bipod, pull the legs down until they lock into place.
- Adjust the leg length by pressing the release buttons and extending or retracting the legs as needed.
- Ensure that the rifle is securely seated in the bipod's cradle.
- When finished, fold the bipod legs back to their stowed position to prevent interference while carrying.

## Disposal Instructions

- Dispose of the bipod and its components in accordance with local regulations.
- Do not dispose of the bipod in household waste. Instead, seek out designated recycling centers for proper disposal.
- Ensure that any materials that could pose a hazard are safely managed during disposal.

## **Contact Information for Further Support**

For any inquiries regarding the safety or performance of the BIPODS FOR TAVOR X95 RIFLE, please refer to the manufacturer's customer support resources.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure the safe and effective use of your bipod. Always prioritize safety and remain vigilant while using the product. Thank you for your attention to these important safety measures.
