

# BIPODS FOR TAVOR X95 RIFLE - TAVOR X95 9.7" FOREND BIPOD BLACK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER Balanced. Integrated. Accurate. The BLK LBL Bipod's innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past. BLK LBL was borne out of the question: Why is something as practical as a bipod still an impractical attachment? When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle. A Passion for Precision With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance. Competitive & Sport Shooters: The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand. Outdoorsmen & Hunters: The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills. Law Enforcement & Armed Forces: Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance. Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation. Durable aluminum handguard with the finest integrated bipod available. Made for the IWI X95 We make two lengths, SHORT for 16.5" barrels, and LONG for 18.5" barrels. Both the handguard and the legs are longer on the LONG version. SHORT - 209mm/8.2" long, 478g / 16.8 ounces, Legs extend from 6" to 9" LONG - 248mm/9.7" long, 526g / 18.5 ounces, Legs extend from 8" to 11.5" 40 degrees of Cant rotation

## Attributes

- Name: [TAVOR X95 9.7" FOREND BIPOD BLACK](#)
- Manufacturer:
- Product no.: 430105561
- Mfr. No.:
- Colour: Black
- Feet Material: -

- Height: 2.92
- Weight: 1.11 lbs
- Delivery weight: 0.671kg
- Shipping height: 108mm
- Shipping width: 108mm
- Shipping length: 318mm

# BIPODS FOR TAVOR X95 RIFLE SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the BLK LBL Bipod for your Tavor X95 Rifle. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your bipod. It is important to read this guide carefully before using the product to understand potential hazards and how to avoid them.

## General Safety Guidelines

- Always ensure the bipod is securely attached to the rifle before use.
- Regularly inspect the bipod for any signs of wear or damage. Do not use if any components are compromised.
- Keep the bipod and rifle out of reach of children and unauthorized users.
- Use the bipod only for its intended purpose as outlined in this guide.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding firearm use and accessories.

## Specific Safety Precautions for Use

- **Stability:** Ensure the bipod is properly deployed and stable before taking a shot. An unstable bipod can lead to inaccurate shooting and potential accidents.
- **Handling:** Always handle the rifle with care. When adjusting the bipod legs, do so while ensuring the rifle is pointed in a safe direction.
- **Environment:** Avoid using the bipod in extreme weather conditions that may affect its performance, such as heavy rain or snow.
- **Clothing and Gear:** Be cautious of the bipod legs catching on clothing, gear, or branches while moving. Ensure they are folded away when not in use.

## Instructions for Installation and Usage

### 1. Installation:

- Select the appropriate bipod length for your rifle barrel (SHORT for 16.5" barrels or LONG for 18.5" barrels).
- Align the bipod mounting bracket with the handguard of the Tavor X95.
- Securely attach the bipod to the handguard using the provided mounting hardware.
- Ensure the bipod is firmly attached and does not wobble.

### 2. Usage:

- To deploy the bipod legs, pull them down until they click into place.
- Adjust the leg length by pulling the leg extension to the desired height (SHORT legs extend from 6" to 9", LONG legs extend from 8" to 11.5").
- Use the pan and cant features to level your scope and achieve better target acquisition.
- After use, fold the bipod legs back towards the handguard for safe storage.

## Disposal Instructions

- Dispose of the bipod in accordance with local regulations.
- If the bipod is no longer usable, consider recycling the aluminum components where possible.
- Do not dispose of the bipod in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please reach out to the designated EUbased contact for this product.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of your BLK LBL Bipod. For any further questions or concerns regarding safety or product performance, please refer to the contact information provided. Remember, safety is paramount when handling firearms and their accessories.
