Safety Instruction Guide for SBF Safety Selector Switch for Steyr AUG®

Introduction

Thank you for purchasing the SBF Safety Selector Switch for your Steyr AUG®. This product is designed to enhance the safety and ergonomics of your firearm. Please read this safety instruction guide carefully to ensure safe and proper use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the safety selector is in the "Safe" position when not in use.
- Keep your finger off the trigger until you are ready to shoot.
- Store your firearm in a secure place, away from children and unauthorized users.
- Familiarize yourself with the operation of the safety selector before use.
- Always wear appropriate safety gear when handling firearms.

Specific Safety Precautions for Use

- Ensure the SBF Safety Selector Switch is compatible with your Steyr AUG® model.
- Inspect the safety selector for any damage before installation.
- Do not force the safety selector into position; it should move smoothly.
- If you experience any issues with the safety selector, do not use the firearm until the issue is resolved.
- Keep the area around the firearm clear of obstructions to avoid accidental activation.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure that the firearm is unloaded.
- Gather necessary tools (if any) for installation.

2. Remove the Original Safety Selector:

- Locate the existing safety selector on your Steyr AUG®.
- Carefully remove the original safety selector by following the manufacturer's instructions.

3. Install the SBF Safety Selector:

- Align the SBF Safety Selector with the designated slot.
- Gently press the safety selector into place, ensuring it fits securely.
- Check that the safety selector moves freely between the "Fire" and "Safe" positions.

4. Final Check:

- Test the operation of the safety selector to ensure it functions correctly.
- Confirm that the "Fire" and "Safe" indicators are clearly marked and visible.

Usage Instructions

- To engage the safety, push the selector to the "Safe" position.

- To disengage the safety, push the selector to the "Fire" position.
- Always verify that the safety is in the correct position before handling the firearm.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local waste disposal regulations.
- If the product is damaged or no longer in use, dispose of it in accordance with local laws regarding firearms accessories.

Contact Information for Further Support

For any inquiries or support regarding your SBF Safety Selector Switch, please refer to the manufacturer's contact details provided with your product. Ensure you have the product information ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of your SBF Safety Selector Switch for the Steyr AUG®. Thank you for prioritizing safety.
