

# FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 6.8MM WESTERN BENCHREST DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

## Attributes

# Safety Instruction Guide for Forster FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS

## Introduction

Thank you for choosing the Forster FULL LENGTH SIZING AND BENCH REST SEATER DIE SET. This product is designed for reloading ammunition safely and effectively. To ensure your safety and the safe use of this product, please read and follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always handle reloading dies and ammunition components with care to prevent accidental injury.
- Store the die set in a cool, dry place and out of reach of children and unauthorized users.
- Regularly inspect the dies for signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Be aware of your surroundings when using this product, and ensure that you are in a safe environment.

## Specific Safety Precautions for Use

- Always wear safety glasses when reloading ammunition to protect your eyes from potential debris.
- Use gloves to protect your hands from sharp edges and to maintain a secure grip on the dies.
- Ensure that your work area is welllit and free from clutter to prevent accidents.
- Do not attempt to modify or alter the die set in any way, as this may compromise safety and performance.
- Keep all components of the die set clean and free from contamination to ensure optimal performance.
- Be cautious of hot surfaces or materials that may result from the reloading process.

## Instructions for Installation and Usage

### 1. Installation of Dies:

- Begin by securely mounting the die set in your reloading press according to the manufacturer's instructions.
- Ensure that the dies are tightened properly to prevent movement during use.

### 2. Using the Full Length Sizing Die:

- Adjust the die to the appropriate height for your specific cartridge.
- Insert the case into the shell holder and raise the ram to engage the die.
- Lower the ram to complete the sizing process.

### 3. Using the Bench Rest Seater Die:

- Set the die for the desired bullet seating depth by adjusting the seating stem.
- Place the bullet on top of the charged case and raise the ram to seat the bullet.
- Check the overall length of the cartridge to ensure it meets specifications.

### 4. PostUse Care:

- Remove the dies from the press and clean them thoroughly after each use.
- Store the dies in their original packaging or a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw away the die set in regular household waste. Instead, check for local recycling programs that accept metal components.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Forster FULL LENGTH SIZING AND BENCH REST SEATER DIE SET, please refer to the manufacturer's website or contact your local dealer for assistance.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Forster die set. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important safety measures.
