[Firearms](#) > [Rifles](#) > [Semi-Auto](#)

Super Duty MOD1 Rifle 5.56MM Semi-Auto Rifle The Super Duty Mod1 Rifle improves upon the renowned Geissele Super Duty with the addition of a HUXWRX Flash Hider-QD 556 suppressor-ready muzzle device, an updated MK16 Super Modular Rail with press-fit stainless steel Quick Disconnect (QD) inserts, an A17 Grip that presents a more ergonomic grip angle, and a QD Sling Mount Endplate. The SD Mod1 updates several key components that ensure this high-end rifle will continue to offer the user unmatched accuracy, comfort, and performance. Geissele provides the latest in weapon technology available. This rifle chambered in 5.56mm features a nanoweapon-coated HUXWRX Flash Hider-QD muzzle device pinned and welded to an in-house Manganese Phosphate coated, Cold Hammer Forged, Chrome Lined, 1-7 twist barrel. Geissele barrels are High-Pressure Tested (HPT) and Magnetic Particle Inspected (MPI). The Geissele length gas system and Geissele Super Compact Gas Block (with bomb-proof installation) ensure reliability and optimal performance in extreme conditions and heavy use. At your fingertip and purpose-built for precision is the SSA-E X with Lightning Bow® trigger. The Nanocoated, two-stage trigger features a wide-body and bow shape that finds the perfect balance between a classic M4 trigger and a flat-body trigger. At the heart of this rifle is the Geissele Reliability Enhanced Bolt Carrier Group (BCG). Their Nanoweapon-coated carrier features a properly torqued and staked, Chrome Lined, Nanocoated gas key. The Cam Pin is machined from advanced, tool steel known as H13 which is also coated with Nanoweapon for maximum corrosion and wear resistance. The Reliability Enhanced Bolt Carrier Group features extended upper rails, providing greater stability and dramatically increasing feeding reliability. The Reliability Enhanced Bolt Carrier Group comes with the Geissele Stressproof Bolt. Made from Carpenter 158+, directly developed with Carpenter Steel metallurgists to create a material that is cleaner and has fewer impurities. This makes our Stressproof bolt stronger and more fatigue-resistant. The Geissele Stressproof bolt is also forged, not machined from barstock. This allows us to optimize the grain structure of the steel to yield a bolt capable of 5 times the life of a mil-spec bolt. Each bolt is rigorously inspected, high-pressure tested, mag particle inspected and Nanoweapon coated. The Super Duty lower is precision machined from 7075-T6 aluminum and features Geissele's Ultra Duty Lower Parts Kit featuring our Ambidextrous Super Configurable safety and Ultra Precision trigger guard. A high-quality mil-spec Geissele Buffer Tube with a Super-42 in H2 buffer ensures this rifle is properly tuned out of the box. Rounding up the package is a MK16 Super Modular Rail, that mates to the Super Duty Upper Receiver via a center aligning tab that removes any chance of rail rotation. The MK16 family of rails is renowned by operators for their performance and comfort. An Airborne Charging Handle ensures smooth and reliable operation. A Geissele Quick Disconnect (QD) Sling Mount Endplate allows for fast interfacing of slings quipped with QD pushbutton mounts to the lower receiver. This rugged and reliable attachment point is machined from Stainless Steel that is finished in Black Nitride and staked per MIL STD. The B5 Systems Enhanced Sopmod Stock completes the package and an Airborne Charging Handle ensures smooth and reliable operation. SPECIFICATIONS: CALIBER: 5.56MM COLOR: Black or DDC LOWER RECEIVER: Super Duty Lower Mil-Spec UPPER RECEIVER: Super Duty M4 Upper BCG: Reliability Enhanced

# Safety Instruction Guide for SUPER DUTY MOD1 5.56X45 NATO SEMIAUTO RIFLE

## Introduction

Thank you for choosing the SUPER DUTY MOD1 5.56X45 NATO SEMIAUTO RIFLE. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your firearm. Please read this document carefully before handling or using the rifle.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Be aware of your target and what is beyond it.
- Keep your finger off the trigger until you are ready to shoot.
- Store firearms securely and out of reach of children and unauthorized users.
- Use only the correct ammunition specified for this rifle.
- Regularly inspect your firearm for signs of wear or damage.
- Always wear appropriate eye and ear protection when shooting.
- Follow all local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before cleaning, storing, or transporting.
- Do not use the rifle if you are under the influence of drugs or alcohol.
- Avoid using the rifle in adverse weather conditions (e.g., heavy rain, snow, or extreme heat).
- Be cautious of your surroundings when shooting, including other people and animals.
- Do not modify the rifle or use aftermarket parts that are not approved by the manufacturer.
- Be aware of the rifle's recoil and ensure a firm grip when firing.
- Do not attempt to disassemble or repair the rifle unless you are a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

- Ensure that you are in a safe and controlled environment before beginning installation.
- Follow the manufacturer's instructions for attaching any accessories or components.
- Use appropriate tools and equipment to avoid damage to the rifle and accessories.
- Make sure all components are securely attached before using the rifle.

### Usage

- Before firing, perform a safety check to ensure the rifle is functioning properly.
- Load ammunition carefully, ensuring it is the correct caliber (5.56mm).
- Adjust the stock and grip to fit your shooting style for optimal comfort and control.
- When ready to fire, assume a stable shooting position and align your sights with the target.
- After firing, keep the rifle pointed downrange until you are ready to unload.
- Unload the rifle by removing the magazine and ensuring no rounds remain in the chamber.

## Disposal Instructions

- Dispose of the rifle in accordance with local laws and regulations.
- If the rifle is no longer functional, consider contacting a professional for safe disposal.

- Do not dispose of ammunition in regular trash. Follow local guidelines for ammunition disposal.
- Remove all accessories and components before disposal.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the SUPER DUTY MOD1 5.56X45 NATO SEMIAUTO RIFLE, please refer to the manufacturer's official resources for support.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your SUPER DUTY MOD1 rifle. Always prioritize safety and responsibility when handling firearms. Thank you for your commitment to safe firearm ownership.
