Super Duty MOD1 Complete Upper 5.56x45 NATO The Geissele Super Duty MOD1 Upper (Complete) features the latest in weapon technology available exclusively from Geissele Automatics. This complete upper chambered in 5.56mm features a nanoweapon-coated HUXWRX Flash Hider-QD muzzle device mounted to a Manganese Phosphate coated, CHF, Chrome Lined 1-7 twist barrel. Geissele barrels are precision machined and cold hammer forged utilizing the highest quality materials at their state of the art facility in North Wales, PA. The carbine length gas tube and Geissele Super Compact Gas Block with bomb-proof installation ensures reliability and optimal performance in extreme conditions. Included is a brand new, Super Modular Rail MK16 that mates to the upper via a center aligning tab removing any chance of rail rotation. This rail is a variant of the SMR MK16, currently fielded by USASOC and renowned by operators for their performance and comfort. Also included is the Geissele Reliability Enhanced Bolt Carrier Group. This Nanoweapon coated BCG features a properly torqued and staked, chrome lined gas key. The Cam Pin is machined from advanced, medical steel known as H13 which is also coated with Nanoweapon for maximum corrosion and wear resistance. The Geissele Reliability Enhanced Bolt Carrier Group also features extended upper rails, providing greater stability and dramatically increasing feeding reliability. The Geissele Reliability Enhanced Bolt Carrier Group comes with the Geissele Stressproof Bolt. Made from Carpenter 158+, directly developed with Carpenter Steel metallurgists to create a material that is cleaner and has less impurities. This makes our Stressproof bolt stronger and more fatigue resistant. The Geissele Stressproof bolt is also forged, not machined from barstock. This allows us to optimize the grain structure of the steel to yield a bolt capable of 5 times the life of a mil-spec bolt. Each bolt is rigorously inspected, high pressure tested, mag particle inspected and Nanoweapon coated. All of these technologies and advancements combine to bring to market a true next-gen upper for the AR-15 platform. The Super Duty Complete Upper from Geissele Automatics offers unmatched performance, accuracy and reliability. Safety Instruction Guide for AR15 SUPER DUTY MOD1 5.56X45 NATO COMPLETE UPPER RECEIVER

Introduction

Thank you for choosing the AR15 SUPER DUTY MOD1 5.56X45 NATO COMPLETE UPPER RECEIVER from Geissele Automatics. This product is designed to provide high performance and reliability. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that you are aware of your target and what lies beyond it.
- Store the firearm in a secure location, out of reach of unauthorized users, especially children.
- Always use appropriate eye and ear protection when using the firearm.
- Regularly inspect the firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the upper receiver is compatible with your lower receiver before installation.
- Use only 5.56mm ammunition with this upper receiver.
- Do not modify the upper receiver or its components in any way that could compromise safety.
- Be cautious of hot surfaces after firing; components may become excessively hot.
- Always ensure the firearm is unloaded before cleaning or maintenance.
- Do not attempt to disassemble the upper receiver unless you are familiar with the procedure.

Instructions for Installation and Usage

1. Installation

- Ensure the lower receiver is clean and free from debris.
- Align the upper receiver with the lower receiver, ensuring that the pins fit properly into place.
- Secure the upper receiver by pushing the takedown pins into place until they are fully seated.
- Check that the upper receiver is securely attached by attempting to pivot it down slightly.

2. Usage

- Load the firearm in a safe environment, ensuring that the muzzle is pointed in a safe direction.
- To operate, charge the firearm using the Airborne Charging Handle.
- Engage the safety mechanism when not in use.
- Fire the firearm only when you are ready and in control of your surroundings.
- After use, ensure that the firearm is cleaned and stored securely.

Disposal Instructions

- Dispose of the upper receiver and any associated components in accordance with local regulations.
- Do not dispose of the upper receiver in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the AR15 SUPER DUTY MOD1 5.56X45 NATO COMPLETE UPPER RECEIVER, please reach out to your local retailer or Geissele Automatics for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your new upper receiver. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
